required and a bid will be prepared accordingly. Billable Feet = calculated Lane Width, not actual length of basket. Basket Lane width calculation is: number of dowels multiplied by on center spacing divided by 12 to express as lineal feet. All orders are subject to the availability of raw materials. Pricing is based on materials being released for immediate production and or prior to expiration date noted above. If materials are released for production after expiration date, raw material escalators that occur from bid date to production release date may be passed along at cost if applicable. A steel raw material prepay option is available to protect pricing and control cost. Materials released for production will be invoiced upon completion and are to be paid for within standard terms or late fees will apply. In the event the job is unable to take possession at time of completion a storage option is available as space permits. If materials are stored beyond 30 days UV Protection is mandatory. Disposable UV Protection Coverings will be required at a cost of $25.00 each which will provide coverage for up to 4 pallets of dowels or each pallet of 60 baskets. Freight charges are based on full truck load moves. If less than full truckloads are released additional freight charges will apply. Freight off load time limit is 1 hour. Additional hours will be invoiced at $50.00 per hour.

Subject: Invitation to bid follow up Grand/Rte 60

Hi, I'm following up on a invitation to bid I sent you recently. We are bidding the above referenced project and would like to know if you're interested in providing a quote for you're scope of work.

If you don't see your type of work on the attached invitation please reach out to us to see if there's something we can team up on.
