| | Services offered: D&M Traffic Services Inc, manufactures, sells, rents and installs active and passive traffic control systems. We have the capabilities to remove, reset, relocate, furnish and install these systems in all temporary or permanent applications. Our scope includes: Zoneguard Steel Barrier; A Caltrans approved temporary barrier for use in standard and minimum deflection applications. .Zoneguard is a MASH approved device that weighs only 66LBS per LF VS concrete k-rail at 396LBS per LF. Due to this reduction, 750LF fit on a single truck reducing trucking costs by up to 600%. Each standard piece is 50LF long (though shorter pieces and mitered sections are available upon request) and 1500LF can be set per hour. Smart Cushion Crash Attenuator: SCI100GM and SCI70GM are available in a variety of configurations. The SCI crash cushions are a MASH approved device available in configurations that protect unidirectional and bidirectional fixed objects up to 150 inches wide. Ruby Lake Bike Lane Material: is high friction surface treatment used for bus and bike lane demarcation. Made from 100%, post-consumer recycled glass, Ruby Lake boasts both the lowest lifecycle costs and also the highest skid resistance number than any other similar product. # CONTRACT TERMS AND CONDITIONS

I. **FEES:** The estimated contract price is based on the best information made available to CEL at the time the estimate was performed. If subcontractors perform more quickly than scheduled, Client will receive a cost savings for testing. If, however, subcontractors' schedules are extended or delayed, Client may receive a resulting increase in costs for testing. Client recognizes that the additional services rendered herein under this Proposal are schedule driven and are mandated by the scheduling and staffing of the contractor(s). Should items and quantities alter from estimates outlined herein, CEL shall be entitled to compensation for services rendered. In addition, Client recognizes that, on occasion, due to the schedule of the contractor or relevant subcontractors, occasional overtime may be required. CEL typically will have no notice of this until the day the said overtime occurs. Client agrees to compensate CEL for such overtime. Any estimated quantities contained herein are estimates only and Client agrees to payment for services rendered in excess of the estimated quantities and/or cost figures as described herein. Fees for CEL's services will be billed on a time and expenses basis at the unit rates quoted and CEL shall submit biweekly invoices for services rendered and for reimbursable expenses incurred. Invoices are due within 30 days from receipt. Past due invoices are subject to a finance charge of 1% per month or the maximum rate permitted by law.

II. **FINAL AFFIDAVIT:** The first invoice from CEL shall include the estimated cost to prepare the Final Inspection Report. However, the Final Inspection Report will not be issued until the sixth working day following the request for the Final Inspection Report by Client's authorized representative. Additionally, as a condition precedent to release of the Final Inspection Report, Client shall have paid in full for all services performed by CEL pursuant to this Agreement.

III. **INSPECTION:** Inspection shall consist of visual observation of materials, equipment, or construction work for the purpose of ascertaining that the work is in substantial conformance with the contract documents. Such inspection shall not be relied upon by others as acceptance of the work nor shall it be construed to relieve the contractor, subcontractors, or materialmen in any way from their obligations and responsibilities under the construction contracts. Specifically, but without limitation, inspection shall not require the inspector to assume responsibilities for the means and methods of construction nor for safety on the jobsite of any party other than CEL employees.

IV. **STANDARD OF CARE:** In providing services under this agreement, CEL shall exercise that degree of skill and care ordinarily used by other reputable members of CEL's profession, practicing in the same or similar locality and under similar circumstances at the time these services are rendered. Nothing in this agreement shall be interpreted to require CEL to meet any higher standard and this paragraph shall control over any such contrary provision. CEL makes no warranty, either expressed or implied, as to its findings, recommendations, specifications or professional advice. CEL will provide only those services that, in the opinion of CEL, lie within the technical and professional areas of expertise of CEL as set forth herein and which CEL is adequately staffed and equipped to perform. Client shall request in writing if Client desires CEL to provide services outside of the scope of services described herein. CEL shall advise Client of any services that lie outside the technical and professional expertise of CEL.

V. **LIABILITY:** In recognition of the relative risks of the Client and CEL on the Project, Client agrees, to the maximum extent permitted by law, that CEL's liability to Client and any third party, in any way arising out of this Agreement, shall be limited to 100% of the total fees and costs paid to CEL or $25,000, whichever is greater. Client agrees to compensate CEL at its standard hourly rates in the event CEL is requested to perform services in connection with litigation, claims or disputes arising out of this project or in the event CEL, its agents or employees are subpoenaed or otherwise compelled to participate in litigation, claims or disputes arising out of this project. CEL shall not be responsible for acts and/or omissions of any party or parties involved in the design of the Project or the failure of any Contractor or Subcontractor to construct any aspect of the Project in accordance with the Agreement documents, or in accordance with recommendations contained in any correspondence or written recommendations issued to CEL.

VI. **LITIGATION:** In case of any dispute, claim, question, or disagreement arising out of or relating to this Contract or the breach thereof, the parties hereto shall use all reasonable efforts to settle such disputes, claims, questions, or disagreement. To this effect, they shall consult and negotiate with each other, in good faith and, recognizing their mutual interests, attempt to reach a just and equitable solution satisfactory to both parties. Client and CEL agree to continue to perform their obligations under this Contract during the good faith resolution of such a dispute, claim, question, or disagreement. In the event that any litigation, arbitration, or other proceeding is commenced between the parties hereto or their personal representatives, successors or assigns concerning the enforcement or interpretation of any provision of this Contract or the rights and duties of any party in relation thereto, the party or parties prevailing in such litigation, arbitration or other proceeding shall be entitled, in addition such other relief as may be granted, to reasonable attorneys' fees and costs. For the purposes of this paragraph, the "prevailing party" shall be determined in accordance with the provisions of California Civil Code section 1717.

VII. **STATE PREVAILING WAGE:** It shall be Client's sole responsibility to notify CEL of any prevailing wage requirements before any services are performed for the Project. Should it be revealed subsequent to the execution of an agreement for services that this project is indeed a prevailing wage project and if CEL is thereafter mandated to comply with those requirements, there will be a 10% surcharge to the hourly rates quoted in our Proposal. In addition, in the event notification is not given to CEL, Client shall be fully responsible for payment of all fines, penalties, and/or damages imposed upon CEL for any failure to comply with the prevailing wage laws.

VIII. **CLIENT'S RESPONSIBILITIES:** Client or Client's authorized representatives will promptly and timely provide CEL with all revised and updated plans, specifications, addenda, change orders, approved shop drawings and any other information for the proper performance of CEL pursuant to this Contract. Client agrees that CEL has been engaged to provide technical professional services only, and that CEL does not owe a fiduciary responsibility to Client. Client shall secure and maintain throughout the full period of this Contract, sufficient insurance to protect it adequately from claims under applicable Worker's Compensation Acts and from claims for bodily injury, death or property damage as may arise from the performance of services under this Contract. CEL shall not be responsible for any errors and/or omissions in the performance of CEL's work or services rendered resulting from Client's failure to provide CEL with revised and updated plans, specifications, addenda, change orders, approved shop drawings and other information for the proper performance of CEL. Client or Client's authorized representatives will give a minimum of 24 hours notification for all dispatch requests. Cancellations received on the day of inspection are subject to a 2-hour show-up charge.

IX. **HAZARDOUS MATERIALS REQUIREMENT:** If hazardous materials are encountered by CEL's employees on Client's project site resulting in the need for specialized training or certifications as required by State and Federal agencies in order for CEL's inspection personnel to perform their duties, then all related costs for such specific training, including class time, will be billed to Client with a 15% markup. Personnel time for necessary training classes will be billed at the hourly rate quoted herein.

X. **CREDIT CARD PAYMENTS:** Credit card payments will be charged a convenience fee of 2.5% of the total invoice amount.

XI. **ADDITIONAL SERVICES:** Should additional services be requested that are not included in CEL's proposed scope of services, CEL will provide these services at the unit rates listed in our published 2015 Fee Schedule.

XII. **ACCEPTANCE OF CONTRACT:** This Contract is subject to acceptance only of the terms and conditions stated herein. Any additional or different terms and conditions proposed by Client are hereby rejected, and shall be of no force or effect unless expressly assented to in writing by CEL. There shall be no contract except upon the terms and conditions provided herein. By directing CEL to commence performance, after your receipt of this Contract, you agree to comply with all the terms and conditions set forth herein. This Contract contains the entire and integrated agreement between Client and CEL and supersedes all prior negotiations, representations or agreements, either written or oral. This Contract cannot be amended or modified except by a written addendum, executed by each of the parties hereto. This Contract shall be interpreted and enforced in accordance with the laws of the State of California.

XIII. **BASIS OF CHARGES:** The proposed unit rates will be in effect through June 30, 2017. Thereafter, the unit rates are subject to an annual increase of four percent (4%) per year to mitigate the annual operating cost increases:

Sacramento, CA 95827

Subject: Estimate Proposal for
Hot Mix Asphalt Quality Control Inspection and Testing
Contract No. 10-0G8204, Route 132, San Joaquin County

Scott,

We have prepared a cost estimate for performing Quality Control Testing of the Hot Mix Asphalt for this contract in accordance with the special provisions dated April 18, 2016.

The estimated costs presented on the following page are based on:

- Quality Control Plan for HMA
- HMA-A Production (48,500 tons)
- RHMA-G (12,500 tons)
- Prepaving/Post-Paving Inertial

Our costs are based on the following:

**Quality Control Plan**

We will coordinate with your Project Engineer and/or Project Manager to supply a Quality Control Plan. The QC Plan will be written in accordance with the *Section 39-1.01C(3)* –Quality Control Plan of the 2010 Revised Standard Specifications. The QC Plan will describe the organization and procedures the Contractor will use to control the HMA quality characteristics, taking samples, establishing, implementing, and maintain QC, determine when corrective actions are needed (action limits), implement corrective actions, and methods and materials for backfilling core locations. The QC Plan will address the elements affecting HMA quality including aggregate, asphalt binder, additives, production, and paving.

**HMA-A and RHMA-G Production**

For HMA-A and RHMA-G production, we will utilize a Public Works Technician to monitor in-place density, verify roller pattern, monitor temperatures during the rolling operations, and obtain the required cores for density determination. We assume that the material supplier will perform sampling of HMA-A, RHMA-G, RAP and aggregates at the plant in accordance with the Project Special Provisions and that the plant is located within 30 miles of the job site.

For HMA-A and RHMA-G, we will utilize a second Public Works Technician to prepare a nuclear gauge correlation in accordance with CT 375 whenever the following occurs: the first day of placement of a new

RMA Group
Every Project Matters | www.rmacompanies.com

material, whenever there is a change in paved thickness greater than 0.03 feet from the material thickness of a previously determined correlation, or whenever there is a change in underlying material.

We assume that a production shift will consist of 8 hours of HMA-A placement. We assume that production will be Monday through Friday night shifts.

We assume that the material supplier is accredited by AASHTO and certified by Caltrans-for AASHTO test methods and will provide the following during production: Job Mix Formula, Job Mix Formula Verification, Plant Inspection, sieve analysis, sand equivalents, aggregate moisture contents, oil contents, and HMA moisture contents in accordance with the Project Special Provisions.

**Plant Quality Control Testing (Optional)**

We propose that RMA Group will perform the following production quality control laboratory tests on the HMA-A and RHMA-G in accordance with the Project Special Provisions: percent crushed particles, Los Angeles Rattler, flat and elongated particles, fine aggregate angularity, maximum theoretical density, Hamburg wheel track, and moisture susceptibility in accordance with the Project Special Provisions.

**Inertial Profiling**

We propose that RMA Group will perform the prepaving inertial profiling and post-paving interial profiling in accordance with sections 39-1.01C(13)(b), 39-1.01D(8)(j), and 39-1.01D(9)(c) of the Project Special Provisions utilizing a Dynatest Model 5051 Mark IV inertial profiler. All equipment and operators are Caltrans-certified to perform inertial profiling. Shift rates include 8 hours of on-site time, data processing, and report preparation.

The following page contains a summary of our estimated costs which were calculated using the scope of work and construction duration assumptions presented herein.

# Schedule of Fees

General Charges

- RMA Group requires twenty-four (24) hour prior notification for scheduling inspectors and/or technicians.
- Inspection charges start at the scheduled show up time at the job site. All inspection hours will be billed in the following increments:
  - There will be a minimum two (2) hour charge for any RMA Group employee presence on site.
  - Any time less than four (4) hours of work will be billed as four (4) hours.
  - Four (4) to eight (8) hours will be billed as eight (8) hours.
- When personnel are required to work in excess of 5 hours without an uninterrupted meal period of 30 minutes, due to project constraints, ½ hour will be charged at double time rates in addition to any applicable hours worked.
- Rates are valid through June 30, 2017. Rates for personnel will increase by 3% per year on July 1st of each subsequent year.
- Certified Payroll Reports will be prepared upon request. There will be a $75.00 charge for each certified payroll report.
- Outside services will be billed at cost plus 15% unless billed directly to and paid for by Client.
- Requests made by client for management attendance at meetings at the project site will be charged at standard rate.

Overtime Charges

- Work performed in excess of 8 hours per day and/or up to eight (8) hours on Saturdays will be billed at 1.5 times the unit rate.
- Work performed on Sunday, recognized holidays, or in excess of eight (8) hours on Saturdays will be billed at 2.0 times the unit rate.
- A 20% surcharge will be applied for laboratory tests performed on a Saturday or Sunday.

Per Diem and Travel Charges

- A $120.00 charge per day will be applied when our personnel are required to stay overnight at remote locations.
- Time will be billed at the unit rate while traveling to a remote location or if a location requires an overnight stay
- Mileage for travel outside a 50 mile radius from either the project site or the nearest RMA facility whichever is closest, will be charged at a rate of $0.65 per mile.

Night Work

- A $6.00 per hour surcharge will be added to all personnel rates for work performed during night shifts.

Twining is pleased to present our proposal and cost estimate for quality control services on this very important project. Twining's experience and understanding of the Caltrans specification will be a tremendous asset to your project team. We have developed our cost per shift to be all inclusive, encompassing everything required by the project specifications. Our attached proposal details our options for Quality Control Services.

| | | |
|---|---|---|
| **Concrete Paving Quality Control Services:** | **$1350/Shift** | **$49,430.00** |
| **HMA Fixed Costs:** | | **$1,920.00** |
| **HMA Field Testing Services:** | **$1306/Shift** | **$52,232.00** × 2 ea = $104,464 |
| **HMA Lab Testing Services:** | | **$26,420.00** |
| **Data Cores:** | | **$5,000.00** ✓ |

$138,804

**We implore you to review the attached documents to gain a better understanding of our proposal estimating.**

Twining has over a decade of experience with Caltrans programs. Our accumulated experience, combined with our commitment to value added engineering, makes us the premier provider of quality control services on Caltrans projects. The size of our firm and the resources we have available will allow us to staff your project with the most qualified personnel, all of whom have over ten years experience with Caltrans projects.

We are proposing to service this project utilizing our state-of-the-art Sacramento laboratory which provides critical quality control data in a proactive and efficient manner. All of our reports are electronically transmitted to the project team by our Quality Control Management.

We are confident that our firm will provide quality service and security to you as we continue to demonstrate our high level of service and commitment to the successful construction of your projects. If you have any questions or require additional information regarding our submittal, feel free to contact me Joshua Noegel directly at (760) 617-1661, jnoegel@twininginc.com.

Best Regards,
Twining, Inc.

**Scope of Work for Concrete Paving Quality Control**
**Prepared By Twining June 20, 2016**

## SCOPE AND COST ESTIMATE - CONCRETE QUALITY CONTROL

Assumptions: Our cost estimates are based on individual bid items incorporated into the Special Provisions, requirements for quality control testing, assumptions of durations of production shifts of individual work types, and other information provided by you or incorporated into the Special Provisions and Addendums.

### SECTION A: Preconstruction Testing, Training and Development of QC Project Documentation

| Proposed Service | Notes and Assumptions | Assumed Quantity | | | | |
|---|---|---|---|---|---|---|
| | | Material Type | Amount | Units | Unit Rate | Cost |
| Preparation of Quality Control Plans | Lump sum, each | JPCP/CRCP | 1 | Each | $ 1,200.00 | $ 1,200.00 |
| Crack Mitigation Plan | Lump sum, each | JPCP/CRCP | 1 | Each | $ 400.00 | $ 400.00 |
| Prepaving Conference | Project Manager Attendance | JPCP/CRCP | 1 | Each | $ 560.00 | $ 560.00 |
| Field Qualification | Per Mix | JPCP/CRCP | 1 | Each | $ 2,720.00 | $ 2,720.00 |
| Subtotal: | | | | | | $ 4,880.00 |

### SECTION B: Field Quality Control and Laboratory Services for Concrete Pavement

This section includes all costs associated with JPCP/CRCP production quality control requirements indicated in the Caltrans Special Provisions. All special provision criteria specific to this contract number is also included. If production exceeds 8 hours, each additional hour will be billed at $153.00. Specimens for modulus of rupture testing will be fabricated for testing by the Engineer, if modulus of rupture testing is requested by the Contractor beams will be billed at $90.00 each and pick up of the beams will be billed at $180.00. Aggregate samples will be sampled and tested twice per day. Plastic properties will be tested for each 4 hours of production. QC Management time will be billed as needed at $125 per hour. One hour per shift is included in the Lump Sum per shift cost. We assume a full time presence on site will not be required and the material supplier will be within 30 minutes of the project.

**Field Quality Control Testing Services**

| Proposed Service | Notes and Assumptions | Assumed Quantity | | | |
|---|---|---|---|---|---|
| | | Amount | Units | Unit Rate | Cost |
| Weekday Production Shift (Aggregate testing and field testing) | Anticipated daily duration of 8 hour shifts | 33 | Shift | $ 1,350.00 | $ 44,550.00 |
| Saturday Production Shift (Aggregate testing and field testing) | Anticipated daily duration of 8 hour shifts | 0 | Shift | $ 1,890.00 | $ - |
| Sunday Production Shift (Aggregate testing and field testing) | Anticipated daily duration of 8 hour shifts | 0 | Shift | $ 2,430.00 | $ - |
| Subtotal: | | | | | $ 44,550.00 |

Note: Shifts are estimated with 3-testing technicians and one mobile lab, this is to accomodate two spearate pours being performed simultaneously.

**Concrete Paving Quality Control Total: $ 49,430.00**

**Limitations:**

Our services will be provided on a time-and-expense basis in accordance with the hourly rates quoted for pre-production testing and mix designs. Our services will be charged Lump Sum per shift during production for each shift of concrete placement. If production exceeds the estimated 12 hours, an additional charge will be applied at the overtime factors identified below.

Overtime, if incurred, will be billed at 1.5X the standard rate for time in excess of 8 hours per day and for Saturday work. Work in excess of 12 hours and that which is performed on Sundays and holidays will be billed a 1.8X the standard rate. The rates will remain in effect throughout the duration of this project. Based upon the construction schedule you have provided, we have attempted to be realistic in our estimates. Please note that we provide our services in conjunction with the construction schedule. Any change in the number of days or hours per day will impact our budget. We will attempt to coordinate our services with your project manager to efficiently service the project.

Please see our attached standard schedule of fees for your reference of our rates and conditions.

**Scope of Work for Hot Mix Asphalt Contractor Quality Control**
**Prepared By Twining Inc. June 20, 2016**
**Twining Inc. Proposal Number 16-1124**

## SCOPE AND COST ESTIMATE - HOT MIX ASPHALT QUALITY CONTROL

Assumptions: Twining is pleased to have the opportunity to propose to you our unsurpassed Quality Control Testing and Inspection services. Our cost estimate is based on the total tonnage of mix and the estimated daily tonnage broken down separately for week day/night shifts and Saturday day/night shifts. Our services are directly related to the production schedule of the contractor and the total estimate may increase or decrease based on production. Services are provided as estimates and are inclusive of all field inspection, field testing, laboratory testing, and typical engineering support needed for this project. Inspection and testing is proposed as a per lump sum per shift cost, based on assumptions provied in this cost estimate. Lump sum shifts are provided for your convenience simplify estimating and invoicing.

### SECTION A: Pre Production Quality Program Implementation and Services

| Proposed Service | Notes and Assumptions | Assumed Quantity Amount | Units | Unit Rate | Price |
|---|---|---|---|---|---|
| Preparation of Hot Mix Asphalt Quality Control Plan. Three copies provided to the contractor. | Lump sum | 1 | Each | $ 800 | $ 800 |
| Pre-Production QC Management Support, Submittals, and Meetings | Estimated hours | 8 | Hour | $ 140 | $ 1,120 |
| | | | | Subtotal: | $ 1,920 |

### SECTION B: Field Quality Control and Laboratory Services for RHMA or HMA per Caltrans Specification Section 39 and the Project Special Provisions

This section includes all costs associated with HMA production quality control requirements as indicated in the 2010 Caltrans specification Section 39. All special provision criteria specific to this contract number is also included. The following per shift costs are based on the indicated number of weekday shifts of HMA placement at an anticipated daily production of approximately 1500 tons per shift. The per shift cost is based on a 8-hour production shift. If production exceeds 8 hours, overtime will be billed at 1.35 x the hourly rate and 1.6x the hourly rate for double time. QC Management time will be billed at one hour per shift at $140.00 per hour.

#### Field and Plant Quality Control Personnel

| Proposed Service | Notes and Assumptions | Assumed Quantity Amount | Units | Unit Rate | Price |
|---|---|---|---|---|---|
| (1) Field Technician | Field technician number 1. Regular 8-hour shift. Sampling provided by supplier weekday or week night shift | 320 | Regular Hours | $ 87 | $ 27,840 |
| (1) Field Technician - Overtime | Field technician/inspector number 1. Overtime | 160 | O/T Hours | $ 117 | $ 18,792 |
| (1) Field Technician/ Inspector Per Diem | Field technician/inspector number 1. Overtime | 0 | Days | $ 100 | $ - |
| (1) Mobilization | Mobilizations for Non Consecutive Shifts | 0 | Lump Sum | $ 950 | $ - |
| QC Manager | One hour per shift estimated | 40 | Shift | $ 140 | $ 5,600 |
| | | | | Subtotal: | $ 52,232 |
| | | | | Lump Sum Per Shift (Field Only): | $ 1,306 |

### HMA PRODUCTION LABORATORY QUALITY CONTROL TESTING SERVICES

| Proposed Service | Notes and Assumptions | Assumed Quantity Amount | Units | Unit Rate | Price |
|---|---|---|---|---|---|
| **PRODUCTION HOT MIX ASPHALT TESTNG** | | | | | |
| Bulk Specific Gravities | 1 per day for the first 5 days of production per Caltrans Test Method 375 and 1 per 4,000 tons or fraction thereof or 2 per 5 days which ever is greater | 48 | Each | $ 75 | $ 3,600 |
| Theoretical Maximum Density (RICE) Testing AASHTO T209 | 1 per day for the first 5 days of production per Caltrans Test Method 375 and 1 per 4,000 tons or fraction thereof or 2 per 5 days which ever is greater | 16 | Each | $ 195 | $ 3,120 |
| | | | | Subtotal: | $ 6,720 |
| **MOISTURE SENSITVITY TESTING** | | | | | |

| Percent of Crushed Particles AASHTO T335 (TEST MAY BE PROVIDED BY SUPPLIER) | 1 test per 10,000 tons or 2 per project minimum | 6 | Each | $ 100 | $ 600 |
| | | | | Subtotal: | $ 3,600 |

| SECTION C: DATA CORING UPON PROJECT COMPLETION | | | | | |
|---|---|---|---|---|---|
| Proposed Service | Notes and Assumptions | Assumed Quantity | | | |
| | | Amount | Units | Unit Rate | Price |
| Data Coring, logging, and reporting | Assumes dedicated traffic control is provided | 1 | Lump Sum | $ 5,000 | $ 5,000 |
| | | | | Subtotal: | $ 5,000 |

SECTION C: INERTIAL PROFILE TESTING

Twining will provide profilograph testing services utilizing the High Speed Inertial Profiler (HSIP). The Inertial Profiler is equipped with the FHWA's engineering software ProVal which will be used to collect profiling data under AASHTO R56. The profiling data will include the raw profile data, ProVal ride quality analysis reports for IRIR and MRI of each lane, ProVal smoothness assurance analysis reports for both left and right IRI's, GPS data file for each lane, and applicable IP calibration and verification test results. Per the specifications we will perform inertial profiling for each lane except areas as dictated by the specifications which require a 12 foot straightedge. **The shifts for HSIP have been determined based on an 8-hour shift for pre-pave, post-grind, post pave, and final profile with an additional technician to mark sections that do not comply with the specification and 2 hours of supervisory time per shift.**

| Proposed Service | Notes and Assumptions | Assumed Quantity | | | |
|---|---|---|---|---|---|
| | | Amount | Units | Unit Rate | Price |
| Weekday Shift (Post Pave) | IP Lump Sum per 8-hour weeknight or weekday shift | 0 | Shift | $ 2,500 | $ - |
| Saturday Shift | IP Testing Lump Sum per 8-hour Saturday shift | 0 | Shift | $ 3,375 | $ - |
| Sunday Shift | IP Testing Lump Sum per 8-hour Sunday shift | 0 | Shift | $ 4,250 | $ - |
| | | | | Subtotal: | $ - |

| | |
|---|---|
| **Project Total QC Estimate:** | $ 85,572 |

**Limitations:**

Our services will be provided on a time-and-expense basis in accordance with the hourly rates quoted for pre-production testing, mix designs, and pavement coring. Our services will be charged Lump Sum per shift during production for each shift of asphalt concrete placement. If production exceeds the estimated 8 hour paving shift, an additional charge will be applied at the overtime factors identified below.

Overtime, if incurred, will be billed at 1.35X the standard rate for time in excess of 8 hours during one day and for Saturday work. Work in excess of 12 hours and that which is performed on Sundays and holidays will be billed a 1.8X the standard rate. The rates will remain in effect throughout the duration of this project. Please note that we provide our services in conjunction with the construction schedule. Any change in the number of days or hours per day will impact our budget. We will attempt to coordinate our services with your project manager to efficiently service the project.

*No contingency is included by CTS for uncontrollable overtime, union or prevailing wage increases and enforcement requirements that may arise in the specifications, as well as for work over the estimated hours. Client should budget appropriate amount for budgetary purposes.*
*Estimate is based on plans and specifications by Caltrans for Contract # 10-0G8204.*
*Daily Rate for 1st HMA Testing Technician (Caltrans certified) includes round trips and mileage for nuclear gauge transport, curing charge, night time differential, vehicle use, consumables such as dry ice, and daily production up to 1500 tons per shift. Rate assumes work is performed between Monday through Friday for work up to 8 hours per shift. Overtime rates apply for work performed after 8 hours and on Saturday. Double time rates apply for work performed after 12 hours or Saturday after 8 hours, or on Sunday.*
*Rate is applicable for projects sites located within 50 mile radius of CTS Pleasanton laboratory. Costs extracted at a rate of 1 per 250 tons of HMA placed, or fraction thereof.*
*Daily Rate for 2nd HMA Testing Technician (Caltrans certified) includes round trips and mileage for curing charge, night time differential, vehicle use, consumables such as dry ice, and daily production greater than 1501 tons per shift. Rate assumes work is between Monday through Friday for work up to 8 hours per shift. Overtime rates apply for work performed after 8 hours and on Saturday. Double time rates apply for work performed after 12 hours or Saturday after 8 hours, or on Sunday. Rate is applicable for project sites located within 50 mile radius of CTS Pleasanton laboratory. Costs extracted at a rate of 1 per 250 tons of HMA placed, or fraction thereof.*
*General work hours will be 5 days per week, 8 hours per day for this project. No contingency is budgeted by CTS for uncontrollable overtime.*
*Rates for tests or laboratory staff are based here are based on the Fee Schedule and Basis of Charges applicable to this project.*
*Overtime/Doubletime Rates will apply after eight/twelve hours or for weekend work per the attached fee schedule.*

## BASIS OF CHARGES

### GENERAL

Fees for tests and inspection include cost of technician, normal equipment and regular reports. Engineering services other than supervisory will be charged at applicable rates. Soils testing with nuclear gauge and/or sand cone equipment may require applicable travel and mileage charges for equipment transport and storage per code (portal to portal). Fees for special projects, services overseas, or elsewhere in the United States, will be quoted on request. With prior notification to Client; charges are subject to change at any time. Construction Testing Services reserves the right to adjust the rates quoted in this contract based upon any Union or prevailing wage increases and/or changes in any industry requirements.

### MINIMUM HOURLY CHARGES – INSPECTION

Technician personnel and the following minimum charges are contractual commitment:

| | |
|---|---|
| One-half day or less | 4 Hours |
| Over one-half day | 8 Hours |
| Show-up time (less than 2 hours notice = 4 hour charge) | 2 Hours |

### WORKING HOURS AND PREMIUM TIME

Regular workday is the first 8 hours between 6:00 am and 6:00 pm Monday through Friday. Premium time is as follows:

| | |
|---|---|
| Overtime, Weekdays and Saturdays (first 8 hours) | 1.5 x quoted hourly rate |
| Overtime Saturdays (over 8 hours) and Sundays (first 8 hours) | 2 x quoted hourly rate |
| Overtime Sundays (over 8 hours) and Holidays | 3 x quoted hourly rate |

### TESTS

Testing fees shown include normal time for performing test. Samples requiring special preparation will be charged at the laboratory technician rate. Fees for tests not listed will be quoted upon request. There will be a minimum charge of $100.00 for any engineering report. Please note some tests maybe tested by subconsultants. Samples delivered to the laboratory after 3:00pm or samples needing results within 24 hours will incur a 50% mark-up.

### INSURANCE

For the waiver of subrogation if required by client, a 2% CTS administrative fee will be added to all gross billings/revenue in addition to the 3% fee from State Fund.

### PAYMENT

Invoices will be submitted monthly or bimonthly for services performed during the preceding month and are payable on receipt. Interest of 1.5% per month (but not exceeding the maximum rate allowable by law) will be payable on any amounts not paid within 30 days, payment thereafter to be applied first to accrued interest and then to the principle unpaid amount. Attorney's fees or other costs incurred in collecting any delinquent amount shall be paid by client. Visa, MasterCard and American Express payments are accepted however fees will apply. Visa and MasterCard payments require an additional 3% on top of the amount of the invoice being paid. American Express payments require an additional 4% on top of the amount of the invoice being paid.

## Quotation and Scope

June 6, 2016

Quote P16-083

Gallaway Enterprises is pleased to provide the following quote **FOR CONSTRUCTION ON STATE HIGHWAY IN SAN JOAQUIN COUNTY NEAR VERNALIS FROM 0.4 MILE EAST OF ROUTE 580 TO STANISLAUS COUNTY LINE;** Caltrans Contract No. **10-0G8204,** including addendums 1-4. If you have any questions, please do not hesitate to contact Melissa Murphy at (530) 332-9909 office, (530) 332-9905 fax, or *melissa@gallawayenterprises.com.* Gallaway Enterprises, Inc. is a **DBE** (#31237), WBE, DIR (#1000001952) and small business (#1760213) certified company. This quote is supplied with the understanding that we are exempt from the requirement of providing certified payroll.

**Scope of Work:**

Gallaway Enterprises will satisfy the requirements for **Bird Exclusion Devices (Item 32)** for the specified bridges in the Caltrans Special Provisions which will include:

BOND RATE

-Bird exclusion plan (all four bridges);
-Exclusion materials;
-Installation of exclusion (including access for installation in the form of a snooper truck); and,
-Exclusion monitoring and maintenance.

**Project Assumptions:**

- The Contractor will provide traffic control during exclusion installation.
- If night work is required, the Contractor will provide lighting.
- The Contractor will provide a work schedule to Gallaway Enterprises.
- Gallaway Enterprises will conduct one (1) round of edits on the Bird Exclusion Plan.

**Cost estimate:**

| Item No. | Description | Quantity | Unit | Rate | Total |
|---|---|---|---|---|---|
| 32 | Bird Exclusion Devices | 1 | LS^ | $142,000 | $142,000 |
| | | | | **Estimated Total:** | **$142,000** |

*^Lump Sum includes cost of exclusion plan, exclusion installation, snooper truck, materials, monitoring, maintenance, reports, and "normal" travel expenses. Lumps sums will be billed by percentage complete.*

**Qualifications:**

Gallaway Enterprises staff has been designing and implementing bird and bat exclusion on bridge projects for the past 5 years throughout northern California. Our staffs biologists are Caltrans, CDFW, and USFWS approved biological monitors. We have over 20 years of experience providing environmental compliance monitoring throughout northern California. For more information on our successful bird and bat exclusion projects please contact us at (530) 332-9909 or visit: *www.gallawayenterprises.com*.

**Subject:** RE: 10-0G8204 Quotation and Scope for Bid Item 32

Good Morning Fernando,

We can use the access roads at the Delta-Mendota bridge. It does not look like there are access roads at the CA aqueduct so we'd need to take a lane to install exclusion on those bridges.

We estimate it will take us 5 days at each location. So we would need traffic control for 5 days at the CA aqueduct.

Thank you,

Melissa,

Thank you for your pricing. Can you use the snooper truck from the aqueduct service roads, or must it be used on the bridge deck. I only ask because if you need to utilize the bridge deck I need to provide you with traffic control and we are only allowed to close a lane at night. Also, if you do require traffic control, approx. how long per bridge to install?

Thank you,

## Attention: Prospective Prime Bidder

**Ref: BID PROPOSAL FOR: 10-0G8204 Vernalis**
**Bids 6/21/16**

Dear Estimator,

We are pleased to submit our proposal for your consideration on the above referenced project. We hereby propose to furnish all material, labor, equipment and services required to provide the complete work in accordance with the project plans and specifications and per our scope of work and exclusions as follows:

**SCOPE OF WORK-Signal & Lighting**

We will provide and install complete the electrical installation shown on sheets E-1 thru E-39 and SES-1.

Addendum's 1 thru 8 are noted.

**CLARIFICATIONS/EXCLUSIONS**

1. All Division 1 requirements are to be furnished by the Prime Contractor (or others). This includes but is not limited, water, permits & fees, utility company fees, temporary construction trailers or facilities, construction lighting and power for others, temporary site security or fencing, maintenance of site access, site dust control, temporary site environmental protection, and builders-risk/all risk or railroad insurance.
2. We Exclude clearing & grubbing, if required.
3. We Exclude engineering, surveying, and staking for line and/or grade, as required.
4. We Exclude repairing contractor damaged electrical systems (unless caused by SB Electrical).
5. We Include our own traffic control as needed.
6. Cal Trans provided Model 500 CMS sign to be delivered, hoisted and mounted onto the new sign structure by others. Typically the company installing the sign structure's performs this work.
7. We Exclude hauling off dirt spoils. Spoils will be stockpiled at a location provided by the prime contractor.

**SCHEDULE & MOVE-INS**

Our proposal is based on compliance with a reasonable project schedule. Studebaker Brown will require that they be allowed to participate in the preparation of the project schedule to insure that reasonable time is allowed for their work.

NOTICE TO OWNER

Under the California Mechanics' Lien Law, any contractor, subcontractor, laborer, supplier or other person or entity who helps to improve your property, but is not paid for his or her work or supplies, has a right to place a lien on your home, land, or property where the work was performed and to sue you in court to obtain payment. This means that after a court hearing, your home, land and property could be sold by a court officer and the proceeds of the sale used to satisfy what you owe. This can happen even if you have paid your contractor in full if the contractor's subcontractors, laborers or suppliers remain unpaid.

To preserve their rights to file a claim or lien against your property, certain claimants such as subcontractors or materials suppliers are each required to provide you with a document called a "Preliminary Notice." Contractors and laborers who contract with owners directly do not have to provide such notice since you are aware of their existence as an owner. A preliminary notice is not a lien against your property if you are not paid. It's purpose is to notify you of persons or entities that may have a right to file a lien against your property if they are not paid. In order to protect their lien rights, a contractor, subcontractor, supplier or laborer must file a mechanics' lien with the county recorder which then becomes a recorded lien against your property. Generally, the maximum time allowed for filing a mechanics' lien against your property is 90 days after substantial completion of your project.

Work Specific Conditions

1. All work will be performed under the strict direction of the prime's onsite supervisor. SPM will utilize Local 12 or Local 3 operating engineers as required by union agreements to operate above referenced equipment. Lessee will pay SPM based on the terms and conditions herein for the operation of equipment.
2. Overtime will be billed after eight (8) hours and double time after twelve (12) hours (missed lunch period will be billed at double time rate).
3. Billable hours begin upon setup / startup and end after cleanout / breakdown.
4. Oversize transportation permits will be the responsibility of the Lessee.
5. SPM will not be held responsible for any damage to buried utilities, etc. Lessee will be responsible for any damage caused to machines from buried obstructions. Rental rates will apply until repairs are completed.
6. Lessee will provide: water and fill grinder, traffic control, sweeping, clean up, hauling & disposal of grindings, pavement delineation, temporary ramps and any other work required to facilitate the grinding operations.

JUN. 21. 2016 8:06AM PAPICH CONSTRUCTION NO. 2809 P. 1/3

General Conditions

1. The rental rate for Equipment covers normal use only not to exceed 8-hours/1day, 40 hour/week (Mon-Fri), or 160 hours/month, based on 20 working days. Any excess use will be prorated against the appropriate rate and charged to the Lessee. If Equipment is operated on a job site deemed to be severe conditions, including but not limited to sites containing rock, which causes excessive wear and tear a surcharge of 25% of the normal rental rate will be added to said normal rate, and be the responsibility of Lessee. Lessee shall still be responsible for any damages to rental Equipment used on a site containing rock, in addition to the rock surcharge. The Equipment will be transported to and from SPM's place of business at Lessee's expense. Rental begins when items are delivered to Lessee and continues until items are picked up by or returned to a SPM location of SPM's choice. Equipment must be checked in at the office during normal business hours. No allowance will be made for holidays, time in transit or any prior time the Equipment may not be in actual use while in Lessee's possession.

2. INSURANCE REQUIREMENTS (Notice about your financial responsibility) Prior to the rental, the following minimum insurance requirements must be met. SPM must receive a current "Certificate of Insurance" naming SPM as "Additional Insured" for general liability (Mandatory) with limits of liability not less than $1,000,000 combined single limit per occurrence (bodily injury including death and property damage) unless greater liability limits are specified, and as "Loss Payee" for physical damage for the full value of the Equipment. Most customers, for convenience, issue one certificate covering their policy period stating "all sites and operations" instead of obtaining a new certificate for each individual rental.

3. Unless otherwise required by SPM, Lessee shall pay the rental sums due as follows: net payment to be received by SPM within thirty (30) days from date of SPM invoice. Should Lessee fail to pay any part of the sum or any other sum required by Lessee to be paid to SPM within thirty (30) days from date of invoice, all past due amounts shall bear a finance charge at the rate of one and one half percent (1.5%) per month. State Laws, including the laws governing interest and usury, shall be applicable to this Rental Agreement and shall govern the monthly periodic rate and corresponding annual percentage rate. If for any reason it is determined by a court of competent jurisdiction that a different usury or interest law is deemed applicable, the monthly periodic rate and corresponding annual percentage rate shall be the maximum non-usurious rate of interest applicable to any entity such as Lessee in the applicable jurisdiction. If for any reason amounts paid in connection with SPM's extension of credit to Lessee under this Rental Agreement are deemed interest that produces a rate in excess of the maximum non-usurious rate of interest under the law applicable to this Rental Agreement, SPM shall refund to Lessee such portion of said interest that is in excess of the maximum non-usury rate of interest for that particular jurisdiction. Lessee agrees to pay attorney's fees and related costs in the event that SPM shall incur either of the same in order to pursue collection of any sums due from Lessee to SPM or to interpret this Rental Agreement, to defend SPM in action or to enforce its rights against any third party. SPM, in its sole discretion, may venue the lawsuit in any county where SPM has a location or place of business and Lessee agrees to the same. In addition, Lessee shall be in default with the right of SPM to accelerate the all the obligations of Lessee if Lessee attempts to sell or encumber the Equipment, ceases operating, institutes or has instituted against it proceedings under any bankruptcy or insolvency law, makes an assignment for the benefit of creditors or fails to comply with any other provision of the Rental Agreement, or if any attachment, execution, writ of process is levied against the Equipment or any of Lessee's property, or if for any reason SPM deems itself insecure or the Equipment unsafe. Lessee agrees to deliver the Equipment to SPM on demand, and SPM may enter upon any job, building or place where the Equipment is located and take possession of it without notice to Lessee and this Rental Agreement shall thereupon terminate and be forfeited at the option of SPM. In the event of any such action, Lessee agrees to pay all guaranteed leases and all other leases due, damages or any injury to the Equipment, legal expenses, costs of removal of the Equipment from the possession of Lessee and all freight, storage, transportation and other charges incurred in such removal and return to SPM at its place of business.

4. Lessee shall comply with all applicable environmental laws and regulations including those on fuel use and idling. Lessee is responsible for any and all fines incurred for violations or the laws or regulations resulting from the use of the Equipment.

5. SPM is not responsible for any charge that the Lessee may have because of mechanical malfunction of the Equipment, and it shall not in any manner be liable for any back charges or any direct, indirect, special or consequential damages. Lessee will be responsible for Equipment if stolen at any time during rental period. While Equipment is on rent, SPM assumes no responsibility for any damages to property or persons. Any damage at all will be the complete responsibility of Lessee.

6. Lessee shall defend, indemnify and hold SPM harmless from any and all claims, actions, suits, proceedings, costs, expenses, damages, and liabilities, including attorney's fees which: (1) relate to injury, illness, sickness, disease or the death of any persons (including employees of Lessee), and (2) were caused, or claimed to be caused, in whole or in part

JUN. 21. 2016 8:06AM PAPICH CONSTRUCTION NO. 2809 P. 2/3

by the Equipment leased herein or by the liability or conduct (including active, passive, primary or secondary), of SPM, its agents or employees, or any other person for whose acts any of them my be liable. The parties agree that SPM shall only be liable or responsible for actions of willful misconduct.

7. The Equipment rented pursuant to this Agreement are rented "as is" and without warranty whatsoever. SPM RENTS ALL EQUIPMENT AND SERVICES PURSUANT TO THIS AGREEMENT WITHOUT WARRANTY OF ANY NATURE WHATSOEVER, EXPRESS OR IMPLIED, INCLUDING ANY WARRANTY OF MECHANTABILITY OR OF FITNESS FOR A PARTICULAR PURPOSE. Notwithstanding anything contained to the contrary, Lessee agrees that Lessee may not offset any payments under this Rental Agreement or the account because of any dispute concerning warranty issues and that the payment on the account is absolutely due and owing without any right of offset or recoupment of any nature.

8. SPM shall have the right at any time during business hours, without notice, to enter Lessee's premises or the site were SPM rental Equipment is located for the purpose of inspecting, repairing, adjusting or repossessing the Equipment.

9. SPM will mail to Lessee at Lessee's address, invoice(s). Lessee agrees to notify SPM in writing of any error in the invoice(s) within 30 days after the date of that invoice(s). If not so noticed, the invoice shall be deemed to be correct and accepted as rendered, thus no credits will be issued after 30 days from invoice date. Time is of the essence of this Rental Agreement.

10. The Rental Agreement must be signed and shall be returned to SPM. SPM may allow it to be returned by facsimile transmission or email. Any such facsimile transmission or email bearing signatures of Lessee shall be considered as valid as if t were an original document. SPM and Lessee have each agreed to conduct their business by electronic means.

11. Lessee, by signing this form, warrants that all information provided is true, correct, accurate, and complete and acknowledges that he/she has read same, understands its contents and expressly agrees to the terms and conditions as stated hereon. A corporate officer, LLC member officer, each and every partner, or the owner(s) of the company must sign this Rental Agreement and agree to be fully bound by its terms.

12. This is the entire agreement between SPM and Lessee regarding the Rental Agreement and no oral changes can be made. No promises, representation or agreement purporting to modify this Rental Agreement and no revocation, partial or otherwise, or change, amendment, addition or alteration shall be valid unless the same be in writing, signed by all parties hereto or by their duly authorized agents. Waiver by SPM of any terms or conditions of this Rental Agreement or waiver of any breach thereof shall not affect the validity or enforceability of the remaining provisions of this Rental Agreement. A determination that any provisions of this Rental Agreement are illegal or invalid shall not affect the validity or enforceability of the remaining provision of this Rental Agreement.

13. This transaction is intended as a true lease and not a sale. SPM may file an initial financing statement listing the Equipment to protect its rights.

*If Papich Construction dba Sierra Pacific Materials is required to commence any legal action to recover losses under this agreement or required to employ attorney for the enforcement of any of its rights herein, customer agrees to pay for responsible attorney fees and costs incurred thereby.*

PAVEMENT MAINTENANCE SPECIALISTS

## — CONDITION OF SALE —

1) In California contractors are required by law to be licensed and regulated by the Contractor's State License Board, Any questions concerning a contractor may be referred to the registrar of the board whose address is: Contractor's State License Board, P.O. Box 26999, Sacramento, California 95826.

2) For work in the state of Nevada: Section 108.2394 of the Nevada revised Statutes, a part of the Mechanics Lien Law of the State of Nevada, requires for your information and protection from hidden liens, that each person or other legal entity which supplies materials to or performs work or services on a construction project, other than one who performs only labor, shall deliver to the owner a notice of the material supplied or the work or service performed. You may receive such notices in connection with the construction project which you propose to undertake.

3) The performance and/or delivery shall commence not later than as specified on the front page. In the event of delays caused by Purchaser beyond this date, cost increases (if any) shall be charged to Purchaser's account.

4) All orders are subject to acceptance at the seller's general offices at P.O. Box 981330, West Sacramento, California 95798.

5) The seller shall not be liable for failure of performance or failure or delay in delivery by reason of any contingency beyond the seller's reasonable control.

6) Unless it shall expressly be agreed thereto in writing, the seller shall not be responsible for the operation and results of any technical advice in connection with the design, installation or use of the product sold hereunder.

7) It is agreed that no promises, agreements or understandings have been made other than contained herein; that no agent has any authority to obligate the seller to any terms or conditions not herein expressed unless seller approves of in writing.

8) All payments are to be made by the purchaser to the seller's office location noted on the front page. All accounts are due and payable as stated on reverse side under terms. Our Finance Charge on past due accounts is a fixed amount of 2% per month on the principal balance due which is equal to an Annual Percentage Rate of 24%.

9) In the event of nonpayment of past due accounts, the entire amount of both principal and interest accrued at such time shall become due, payable and collectable without notice at the option of the seller. The purchaser agrees to pay reasonable attorney's fees incurred, with or without legal action, in collecting the past due account together with all court costs involved.

10) This agreement shall be deemed to have been entered into in the State of California, and all questions of the validity, interpretation, or performance of any of its terms, or any rights or obligations of the parties to this agreement shall be governed by California law.

11) Any controversy between the parties to this agreement involving this construction, application or performance of any of the terms, provisions or conditions of this agreement, shall, on the written request of either party served on the other, be submitted to arbitration, and such arbitration shall comply with and be governed by the provisions of the California Arbitration Act, Sections 1280 through 1294.2 of the California Code of Civil Procedure. The parties shall each appoint one person to hear and determine the dispute and, if they are unable to agree, then the two persons so chosen shall select a third impartial arbitrator whose decision shall be final and conclusive upon both parties. The cost of arbitration shall be borne by the losing party, or in such proportions as the arbitrator shall decide.

12) This contract contains the entire agreement between the parties concerning the rights granted and the obligations assumed in this contract. Any oral representations or modifications concerning this contract shall be of no force or effect, except for a subsequent modification in writing signed by the parties.

13) If any action at law or in equity is necessary to enforce or interpret the terms of this agreement, the prevailing party shall be entitled to reasonable attorney's fees, costs, expert's fees, and necessary disbursements in addition to any other relief to which such party may be entitled.

14) Failure of the seller to enforce any of these conditions or to exercise any right shall in no way affect such rights and no failure shall be construed as a waiver in respect to other or future occurrences.

15) Seller will submit progress estimates for work actually completed at the end of each month, and Purchaser will pay 90% of the invoice amount due within ten (10) days after receipt of such billing. The amounts so paid shall be deducted from the final billing after completion of all work.

16) You, as owner or tenant, have the right to require the contractor to have a performance and payment bond or funding control. An additional charge of ½% will be added to the bid amount to cover this cost if requested.

17) The intended use of sealcoating and resurfacing materials is to resurface existing asphalt pavements. They are not intended to remove surface variations which may hold water, change existing drainage patterns, restore badly cracked or broken base pavement, or permanently seal cracks subject to base movement. Cracks sealed and filled may open again.

18) VSS International will not be responsible for damage to any underground utilities, unless said utilities are specifically marked with depths on a furnished blue print. VSS International will also not be responsible for *surface drainage* on new or existing pavement unless said surfaces have a minimum of 1½% slope to drains.

19) The purchaser by signing this contract hereby declares that the pavement and subgrade to be repaired or sealed is structurally sound enough to support the weight of repair and seal coating equipment. Failure or damage to pavement as a result of inadequate structural support of VSS International's equipment is the responsibility of the purchaser.

**ACCEPTED BY:**

**CONTRACT #:** Caltrans 10-0G8204

**DATED:**

## TERMS AND CONDITIONS

THE BELOW TERMS AND CONDITIONS ARE INCORPORATED AS PART OF THE SUBCONTRACT AGREEMENT.

1. Bond premium not included.
2. **Central Striping Service, Inc. is a union signatory contractor.**
3. It is agreed, the terms and provisions of any subcontract agreement between the parties shall never waive any of subcontractors rights as prescribed in the applicable Federal and State Prompt Payment Statutes.
4. Unless otherwise noted and agreed to in writing by Central Striping Service, Inc., prior to time of bid, no items may be excluded from the subcontract/purchase order.
5. **Backcharges**: Contractor acknowledges that Central Striping Service, Inc. will not accept, nor be held liable for any backcharges, including Liquidated Damages, without prior written mutual agreement between Central Striping Service, Inc.'s President and the contractors authorized representative.
6. This quotation shall remain valid for 30 calendar days from the date of bid, and shall become part of any and all subcontract agreements and/or purchase orders related to this project, unless otherwise agreed upon in writing.
7. Central Striping Service, Inc. requires an executed subcontract agreement, purchase order or signed quote prior to start of work.
8. The parties acknowledge and agree the provisions of these Terms and Conditions precede any language in the subcontract agreement.
9. Overtime, Double Time or Holiday Time is not included in this proposal. Contractor agrees to pay, in addition to items quoted, for any premium time incurred.
10. Contractor installed temporary delineation to be placed so that striping may be placed before removal.
11. Changeable message boards are not included, unless otherwise noted.
12. Contractor to provide thirty (30) working days notice prior to scheduling CSS, Inc. work.
13. Contractor agrees to provide a written progress schedule 30 days in advance of our scheduled work and acknowledges any changes to the progress schedule may require additional advance notification for mobilization to perform our work.
14. This quotation does not include installing permanent delineation items while other operations are in progress on the jobsite.
15. Contractor to provide clean pavement surfaces, and unobstructed access to the jobsite.
16. All work associated with the SWPP and/or WPCP is excluded.
17. Notification and/or signing to residents or businesses is excluded.
18. Items not specifically identified in this quote are excluded.
19. Contractor agrees to provide a source of clean water should any of our items require it.
20. Disposal of spoils from removal by others.
21. Central Striping Service, Inc. is not responsible for lighting beyond our vehicles, equipment and personnel.
22. Payment Terms:
    - Retention is not to be taken and held on our items of work.
    - Net 30 or per California Prompt Payment Statutes.
23. Traffic Control is NOT included for our items of work, unless otherwise noted.
24. Traffic Control plan is not included.
25. **Items 67, 68, & 77 includes layout, only if Central Striping Service performs the striping on the project.**
26. **Items 67, 68, & 77 excludes sweeping, disposal, and fog seal.**

## *General Terms & Conditions*

***NOTE: All contracts must be written to our legal corporate name "BC Rentals, Inc."***

BC Rentals, Inc. requires a written contract, purchase order or signed quote prior to the start of work.

Any required Testing, Engineering, Design, Permits, Licenses or Applications, and the like to be provided by others.

Prices are based on Plans & Specifications available at bid time, including all addenda. Any request for work (post bid) under conditions differing from those represented by the Prime Contract Documents, including but not limited to; altered phasing or staging, design changes, modified layout resulting from plan errors or inaccurate designs, will require payment for additional work to be made to BC Rentals, Inc. at an amount agreed upon prior to performing this work. If an amount cannot be agreed upon prior to performing the additional work the amount will be determined using Caltrans Force Account Rates or unit prices established in the bid pricing schedule, or a combination thereof; whichever method results in a higher overall payment.

BC Rentals, Inc. is not responsible for delays caused by and or resulting from activities or non activities of others, including but not not limited to, owner, contractor, vendors, suppliers, other subcontractors and other factors not in direct control of BC Rentals, Inc. For the delays caused by the aforementioned, BC Rentals, Inc. will be reimbursed for all direct and indirect costs plus a mark up of forty percent (40%), or as specified and allowed by the Prime Contract if the delays are caused by the Owner / Agency. BC Rentals, Inc. will be granted an extension of time to perform its work tantamount to the delays.

Price includes General Liability Insurance coverage up to Two Million Dollars, Auto Liability up to One Million Dollars, and Umbrella Liability up to Five Million Dollars. Bid Price does not includes cost for insurance requirement beyond that requirement. Price does not include any special insurance requirement (i.e. Railroad Insurance, etc). An additional cost will be required for this type of policy.

BC Rentals, Inc. requires fifteen (15) working days notice prior to commencement of any production activity. If any of BC Rentals, Inc. work will be a controlling operation on the critical path of this project, BC Rentals, Inc. must be notified in writing prior to execution of the Subcontract Agreement and provided with a CPM schedule which details this work. Failure to provide this information will waive the Contractor's right to recover liquidated damages from BC Rentals, Inc. for this work.

All changes to the original scope of work or proposed extra work must be directed by the Contractor in writing prior to BC Rentals, Inc. performing this work.

For the purpose of this Subcontract Quotation one (1) move-in is considered to be: a period of consecutive eight (8) hour days of continuous work, not including weekends and holidays. Any discontinuities in this period, other than weekends and holidays, or for our own convenience, will be charged as an additional move-in at the Addition Move-In Charge as quoted herein.

BC Rentals, Inc. must receive a letter of intent to award us the subcontract no later than (30) calendar days after bid date or this Subcontract Quotation becomes null and void. Also, This quote shall become a part of any and all subcontract agreements and / or purchases orders related to the project. Violation of this action will nullify this proposal.

**CLARIFICATIONS:**

1. Contractor to provide monthly progress payments for all completed work in accordance with the bid pricing schedule. Monthly progress payments must be received in full by Super Seal & Stripe no later than 10 calendar days after the Contractor receives payment from Owner for our completed work. Delinquent payments will be subject to the highest interest rate allowed by law.
2. Retainage percentage on monthly progress payments to be no greater than the percentage retained by the Owner on its payment to the Contractor. If Owner reduces the retainage percentages on payments to the Contractor, the Contractor shall likewise reduce the retainage percentage on payment to Super Seal & Stripe. Full retention to be released no later than thirty, (30) days after completion of Super Seal & Stripe's work. Excessive or deliquent retainage will be subject to the highest interest rate allowed by law.
3. Any required Testing, Engineering, Design, Permits, Licenses or Applications, and the like, to be provided by others.
4. Prices are based on Plans & Specifications available at bid time, including all addenda. Any request for work (post bid) under conditions differing from those represented by the Prime Contract Documents, including but not limited to; altered phasing or staging, design changes, modified layout, resulting from plan errors or inaccurate designs, will require payment for additional work to be made to Super Seal & Stripe at an amount agreed upon prior to performing this work. If an amount cannot be agreed upon prior to performing the additional work the amount will be determined using Caltrans Force Account Rates or unit prices established in the bid pricing schedule, or a combination thereof; established in the bid pricing schedule, or a combination thereof; whichever method results in a higher overall payment.
5. Super Seal & Stripe is not responsible for delays caused by and or resulting from activities or non activities of others, including but not limited to, Owner, Contractor, Vendors, Suppliers, other subcontractors and other factors not in direct control of Super Seal & Stripe. For the delays caused by the aforementioned, Super Seal & Stripe will be reimbursed for all direct and indirect costs plus a mark up of forty percent, (40%) or as specified and allowed by the Prime Contract if the delays are caused by the Owner. Super Seal & Stripe will be granted an extension of time to perform its work tantamount to the delays.
6. Super Seal & Stripe requires (15) days notice prior to commencement of any production activity. If any of Super Seal & Stripe's work will be a controlling operation on the critical path of this project, Super Seal & Stripe must be notified in writing prior to execution of the Subcontract Agreement and provided with a CPM schedule which details this work. Failure to provide this information will waive the Contractor's right to recover liquidated damages from Super Seal & Stripe for this work.
7. All changes to the original scope of work proposed extra work must be directed by the Contractor in writing prior to Super Seal & Stripe performing this work.
8. For the purpose of this Subcontract Quotation one (1) move-in is considered to be: a period of consecutive eight (8) hour days of continuous work, not including weekends and holidays. Any discontinuities in this period, other than weekends and holidays, or for our own convenience, will be charged as an additional move-in at the Additional Move-in Charge as quoted herein.
9. Super Seal & Stripe must receive a letter of intent to award us the subcontract no later than (20) calendar days after bid date or this Subcontract Quotation becomes null and void.
10. Super Seal & Stripe is an Equal Opportunity and Affirmative Action employer, that adheres to laws & regulations of Executive order 11246 Sec. 503 as amended of Rehabilitation action 1973 as amended and 4211 (USC) Vietnam Veterans readjustment as amended.
11. If General Contractor or any of its sub-contractors work within Super Seal & Stripes traffic control, the expense will be shared accordinly at Super Seal & Stripe discretion. No advance posting, signing, or Portable CMS is included for Super Seal & Stripe Traffic Control.
12. Pre-Striping pavement preparation, including sweeping & curing compound removals, to be provided by others.
13. Any additional work in excess of the quantities price will be billed at the units. No discounts given for under-runs without prior approval of Super Seal & Stripe.
14. This proposal excludes all costs assiciated with training classes, badging, fingerprinting, background checks, etc. including but not limited to any fees and man hours required.
15. Any down-time due to work site access restrictions will be billed as an extra cost at the rate of $125/man hour.
16. This proposal excludes any insurance requirements beyond those which are included on the last page of this proposal.
17. Upon acceptance of this proposal, all terms, conditions and exclusions on all pages of this proposal shall be incorporated into the contract as an addendum.

## TERMS AND CONDITIONS

THE BELOW TERMS AND CONDITIONS ARE INCORPORATED AS PART OF THE SUBCONTRACT AGREEMENT.

1. Bond premium not included.
2. **Central Striping Service, Inc. is a union signatory contractor.**
3. It is agreed, the terms and provisions of any subcontract agreement between the parties shall never waive any of subcontractors rights as prescribed in the applicable Federal and State Prompt Payment Statutes.
4. Unless otherwise noted and agreed to in writing by Central Striping Service, Inc., prior to time of bid, no items may be excluded from the subcontract/purchase order.
5. **Backcharges**: Contractor acknowledges that Central Striping Service, Inc. will not accept, nor be held liable for any backcharges, including Liquidated Damages, without prior written mutual agreement between Central Striping Service, Inc.'s President and the contractors authorized representative.
6. This quotation shall remain valid for 30 calendar days from the date of bid, and shall become part of any and all subcontract agreements and/or purchase orders related to this project, unless otherwise agreed upon in writing.
7. Central Striping Service, Inc. requires an executed subcontract agreement, purchase order or signed quote prior to start of work.
8. The parties acknowledge and agree the provisions of these Terms and Conditions precede any language in the subcontract agreement.
9. Overtime, Double Time or Holiday Time is not included in this proposal. Contractor agrees to pay, in addition to items quoted, for any premium time incurred.
10. Contractor installed temporary delineation to be placed so that striping may be placed before removal.
11. Changeable message boards are not included, unless otherwise noted.
12. Contractor to provide thirty (30) working days notice prior to scheduling CSS, Inc. work.
13. Contractor agrees to provide a written progress schedule 30 days in advance of our scheduled work and acknowledges any changes to the progress schedule may require additional advance notification for mobilization to perform our work.
14. This quotation does not include installing permanent delineation items while other operations are in progress on the jobsite.
15. Contractor to provide clean pavement surfaces, and unobstructed access to the jobsite.
16. All work associated with the SWPP and/or WPCP is excluded.
17. Notification and/or signing to residents or businesses is excluded.
18. Items not specifically identified in this quote are excluded.
19. Contractor agrees to provide a source of clean water should any of our items require it.
20. Disposal of spoils from removal by others.
21. Central Striping Service, Inc. is not responsible for lighting beyond our vehicles, equipment and personnel.
22. Payment Terms:
    - Retention is not to be taken and held on our items of work.
    - Net 30 or per California Prompt Payment Statutes.
23. Traffic Control is NOT included for our items of work, unless otherwise noted.
24. Traffic Control plan is not included.
25. **Items 67, 68, & 77 includes layout, only if Central Striping Service performs the striping on the project.**
26. **Items 67, 68, & 77 excludes sweeping, disposal, and fog seal.**
27. Overlays ending near rumble strip locations will create inconsistent rumble strips. Central Striping not liable for this condition.
28. Some superelevations on roadways or radius will cause rumble machine drum to slide off-line. Central Striping is not liable for any maintenance or remediation required to repair pavement.
29. Central Striping is not liable for damage to joint seals or for concrete spalling.
30. 7 Ea. Mobilizations are included. $3,000.00 Ea. Additional Moblization
31. Sweeping and disposal of spoils from removal is excluded.
32. Contractor to provide secure location for storage of hazardous removal.
33. Addendums recognized - 1 thru 8.

## RE: Proposal for SWPPP for Caltrans 10-0G8204, Bids 6/21/16

## Dear Prime Contractor;

Thank you for the opportunity to provide a bid for this work. We provide civil and stormwater engineering services. This proposal assumes the project is a Risk Level 1.

**Scope of Work:**

A. Prepare Stormwater Pollution Prevention Plan (SWPPP).
   - I. Prepare SWPPP per State and contract requirements. Include Rain Event Action Plan (REAP) template, Construction Site Monitoring Plan and Sampling and Analysis Plan where required.
   - II. Prepare Water Pollution Control Drawings as part of the SWPPP.
   - III. Exclusions: Installation and implementation of water pollution practices, providing a WPC Manager, conducting training, and monitoring, inspection and correcting water pollution control practices are excluded. A WPC Manager, training, monitoring and inspection are available as an additional service upon request.

B. Stormwater Annual Report
   - I. Prepare Stormwater Annual Report in accordance with SWRCB and Caltrans requirements. This service can only be provided if we also prepare the SWPPP or provide stormwater inspection.

C. Provide Weekly Stormwater Inspection and Water Pollution Control Manager
   - I. Provide Water Pollution Control Manager (WPC Manager) with appropriate Qualified SWPPP Developer (QSD) certification.
   - II. Provide inspection 1 day per week of stormwater Best Management Practices (BMP's) and oversee BMP implementation; inspections will be done or overseen by a QSD.
   - III. Provide quarterly non-stormwater monitoring inspection.
   - IV. Check NOAA weather forecast daily.
   - V. Provide stormwater inspection reports once a week.
   - VI. Prepare SWPPP Amendments as needed.
   - VII. Provide initial SWPPP training to contractor's staff and subcontractors at beginning of job.
   - VIII. Exclusions; Does not include any onsite sampling or lab testing if there is an event that triggers non-stormwater, non-visible pollutant or other testing. Assumes contractor's staff can provide the daily, pre-storm, during storm and post-storm visual BMP rain event inspection to reduce costs unless otherwise contracted for (See Item D below for rain event inspection).

D. Provide Stormwater Inspector for Pre-Storm, During Storm or Post Storm Inspection
   - I. Provide Pre-storm inspection; before a forecasted storm event which is defined as one with a 50% chance or more of occurrence.
   - II. Provide During storm inspection. This is required every 24 hours during extended storm events. A storm event is defined as one that produces or is forecasted to produce at least 0.10 inch of rain within a 24 hour period (per Caltrans definition).
   - III. Provide Post storm inspection; after a qualifying rain event. A qualifying rain event is one that produces ½" or more of rain with a 48 hour or greater period between rain events.
   - IV. Inspections will be done or overseen by a QSD or QSP.

**Fee:**

The services noted below will be prepared for a Fixed Fee of the following, with fees billed monthly based upon percent completion:

A. Prepare SWPPP (Part of Bid Item No. 16) $2,600 ✓

B. Stormwater Annual Report $ 500 ✓

($500 EA x 1, Bid Item No. 17)

$3100

C. Provide Weekly Stormwater Inspection and Water Pollution Control Manager $ 375 per week

$125/hr x 3 hours = $375/week x 42 weeks = $15,750 Not to Exceed

D. Provide Stormwater Inspector for Pre-Storm, During Storm or Post Storm Inspection $ 375 EA

$125/hr x 3 hours = $375 per visit x 18 visits = $6,750

For quantity purposes, we estimate no more than 18 events

This is based on the project lasting 42 weeks.

Additional QSP services will be billed at rate of $125 per hour.

Additional QSD services will be billed at rate of $135 per hour.

Contractors should take note that Items C and D above are required items under the Caltrans "Prepare SWPPP" Bid Item as per the 2010 Standard Specifications, Section 13-2.01A page 163.

**RE**: Caltrans Project: For Construction on State Highway in San Joaquin County near Vernalis from 0.4 Mile East of Route 580 to Stanislaus County Line. Contract #10-0G8204. Bid Date: June 9, 2016 at 2.00pm. DBE: 10%

**Subject**: Price Quote for providing Stormwater Pollution Prevention Plan (SWPPP) and Stormwater Pollution Control (WPC) Permit Compliance Services.

Dear Estimator:

S Kwok Engineers, Inc. is pleased to provide quotes for services as a **Qualified SWPPP Developer (QSD)/Qualified SWPPP Practitioner (QSP)** to perform the stormwater pollution control monitoring work for the referenced contract. Here is our company information for your bidding use:

We are a **Minority Business Enterprise (MBE)**, a California Unified Certification Program (CUCP) certified **DBE (Cert No. 37060 – Asian Pacific, Male)** and **Small Business Enterprise** firm certified by the Department of General Services of California **(SBE # 55132)**. Our **DIR registration number is 1000001343** and **annual gross receipt is below $500,000**. We have **operated for more than 7 years**. Our California Civil Engineer License is C 54292 and our QSD/QSP certificate number is 00399. We provide professional services only and do not provide construction work in the field therefore we do not possess a contractor license number.

We provide you an economical way to monitor the storm water compliance work on your project site. **We will work with your construction team to perform storm water monitoring tasks.** Here are our quotes for the following items:

**Prepare SWPPP** for **Risk Level 1 Project**.

| **Item No. 16 – Storm Water Pollution Prevention Plan - Partial** | **Estimated fee** |
|---|---|
| Prepare SWPPP by **a Qualified SWPPP Developer (QSD) and Licensed Civil Engineer of California**.<br>(We will **increase the fee by 100%** for preparing the SWPPP if you don't hire us for the QSD/QSP Weekly Monitoring Services) | $4,400 |

+440 Annual Rept
$4840

The SWPPP will conform to the Caltrans Standard. The draft SWPPP will be submitted electronically to you for review and approval.

The above estimated fee does not include the hardcopies of the SWPPP. If you need hardcopies, the printing cost is $300 per set plus shipping. The hardcopy of the SWPPP will be bounded in a ring binder and delivered to you via UPS ground.

The SWPPP quote does not include the effort of preparing the Dewatering and Discharge Plan (DDP). It also does not include preparing water pollution control items for aggregate crushing plant or, concrete or asphalt concrete batching plant.

Payment shall be paid in full once the SWPPP is approved or conditionally approved by the agency's Engineer for the beginning construction.

Here are other bid item quotes for stormwater quality monitoring work for **Risk Level 1 project**.

| **Item No. 15 – Job Site Management - Partial** (see **Note 1** below) | **Estimated Unit Cost** | **Estimated Quantity** | **Estimated Fee** |
|---|---|---|---|
| **Job Site Management** - Provide QSD/QSP Weekly Monitoring Service, Estimated **8 hours on a day of a week** including travelling time. This is a partial scope (reduced cost) of work (see **Note 2** below). | $110/hour x 8 hours/week is $880/week plus mileage cost is $73 Roundtrip =$953/week | 210 working days = approximately 42 weeks | $40,026 |

| **Item No. 17 – Storm Water Annual Report – Partial** (see **Note 1** below) | **Estimated Unit Cost** | **Estimated Quantity** | **Estimated fee** |
|---|---|---|---|
| **Storm Water Annual Report** – Prepare CEM 2070 and CEM 2075 only. Ad Hoc Report and, Inspection and Reporting Log is not included. | $110 x 4 hours each =$440/EA | 1 | $440 |

**Total Estimated Fees = $44,866**

(This is an estimated fee for our quoted items. The actual contracted fees might vary from this estimated fee. During the contract period, we will submit the actual executed tasks or hours on our weekly timecard, and send to you for approval before invoicing for payment.)

Our QSDs/QSPs are California Registered Civil Engineers. We only provide stormwater site visual inspection services and will not perform construction work or provide construction materials in the field.

**Note 1**: **This is a packaged quote**. The quotes for Job Site Management and Storm Water Annual Report above were estimated assuming that all the items services are performed by us. We will reevaluate the quotes and increase the fees if we are required to prepare these items separately.

**Note 2**: Your construction team will work with us and take responsibilities for the following allocated task: storm event (pre, during and post storm) monitoring, daily monitoring, storm water samplings, testing and reporting tasks. We will train your specified employees to

perform these tasks and reduce your cost for hiring us fulltime. We can provide you the defined scopes between us before we hire for the job.

If you want us to take over the entire tasks, we can provide you an estimated fulltime fees upon your request.

If an incidental task is required such as reviewing or performing unpredictable weather related work, our rate for a QSD/QSP is $110 per hour. Travelling time will be charged with this rate. If testing meter or kit is used, our daily charges for the pH meter is $80/day, turbidimeter is $100/day and dissolved oxygen meter is $100/day.

Parking and travelling expenses with 10% administration fees will be charged separately from the quotes above if it incurred on this project. Our QSD/QSP will be travelling from City of Concord to the site therefore the roundtrip mileage cost is $73 for each field monitoring work.

Exclusion,

- Ensure all employees have current water pollution control training,
- Authority to mobilize crew,
- Ad Hoc Report and, Inspection and Reporting Log for the Storm Water Annual Report.

The quotes above include the stipulations described under the General Terms and Conditions listed below:

***GENERAL TERMS AND CONDITIONS***

*S Kwok Engineers, Inc. ("Consultant") is responsibilities shall conform and are limited to the requirements of the Construction General Permit of California (CGP), as applicable, to Consultant's retention as a QSP or QSD. The minimum time required for Consultant to prepare a Storm Water Pollution Prevention Plan ("SWPPP") is ten (10) business days. In order for Consultant to prepare a SWPPP, Contractor must provide information requested by Consultant concerning the project, including, but not limited to, the project schedule, construction documents, contract and/or purchase order.*

***Cooperation****. Contractor shall cooperate with Consultant in obtaining documents and other information requested by Consultant, including, but not limited to, requests for information, change orders and other approvals, and the status of Consultant's applications for payment and payments to Contractor for work performed by Consultant. Contractor shall cooperate with Consultant's recommendations so as not to impair Consultant's ability to perform under the CGP as applicable, by, among other things, performing allocated tasks, ensuring CGP required documents retain on project site, mobilizing crews within 72 hours to implement or maintain BMPs or corrective actions.*

***Billing****. Except as otherwise provided herein, Consultant shall submit invoices monthly for work performed on the project. Payment term is net thirty (30) days from receipt of invoice for progress payment and net forty-five (45) days from receipt of invoice for retention payment. Payments not received in accordance with this provision shall accrue interest at the rate of one and one-half percent (1-1/2%) per month from due date until paid.*

***Insurance****. Consultant maintains, and shall maintain during the performance of its work on the project, the following insurance and coverage:*

- *General liability - $1 million per occurrence/$2 million aggregate;*
- *Professional liability - $1 million per occurrence/$2 million aggregate;*
- *Commercial automobile liability - $1 million combined single limit;*
- *Umbrella liability – $1 million;*

- *Worker's compensation liability - $1 million per accident for bodily injury or disease.*

*Insurance or insurance coverage required in addition to or in excess of the insurance and coverage provided under this provision shall be paid for by Contractor in advance of being acquired by Consultant.*

***Indemnity**. Consultant only provides advisory services, does not perform physical construction work or deliver construction materials to the field, and is not responsible for water pollution or unauthorized discharge of pollutants from the project, including, without limitation, any resulting costs, fines, penalties or fees. Contractor shall indemnify, hold harmless, and defend Consultant from any and all claims, damages, liabilities or other obligations of any nature arising out of or which relates to Consultant's work on the project, except that caused by the sole and active negligence of Consultant.*

***Incidental, Special, and Consequential Damages**. Consultant shall not be liable for any incidental, special or consequential damages, including, but not limited to, loss of revenues or profits, liquidated damages, delay damages, or liabilities or other obligations to third parties.*

***Suspension of Work and Termination or Cancellation of Contract**. Consultant may suspend work or terminate or cancel Consultant's contract with Contractor upon forty-eight (48) hours written notice to Contractor. Consultant may cancel its contract with Contractor for breach of any provision contained herein. Consultant may terminate its contract with Contractor for the following causes: (1) a force majeure event; (2) the filing of a voluntary petition in bankruptcy by Contractor; (3) the failure by Contractor to pay Consultant's invoices as provided herein; (4) the failure by Contractor to execute change orders or extra work.*

***Site Conditions**. Contractor represents and warrants that the site conditions of the project are as represented in Consultant's contract with Contractor, drawings and specifications (collectively "Contract Documents") and acknowledges that Consultant has only relied on the site conditions as represented in the Contract Documents. Contractor shall be responsible for extra work necessitated by unforeseen site conditions not represented in the Contract Documents.*

***Governing Law**. These Conditions and the Contract Documents shall be construed under, and governed by, the laws of the State of California.*

If the proposal is acceptable to you, please send us your sub-contract or purchase order two (2) weeks before we start working on the project. This will allow us to resolve any contract issues if they arise.

We need ten (10) business days to prepare the draft SWPPP for review pending on all the requested information and project schedule provided by you.

Please feel free to call me if you have any questions. These quotes are valid for 6 months from the below date.

Respectfully submitted,

**Reference:** **Caltrans Project 10-0G8204, Route 132 in San Joaquin County.**

**Subject:** **Proposal to provide High Speed Inertial Profiler Services.**

S.A.M. Rhodes is pleased to present our proposal and cost estimate for Inertial Profiling services on this very important project. S.A.M. Rhodes experience and understanding of the Caltrans specification will be a tremendous asset to your project team. We have developed our cost per shift to be all-inclusive for what is required by the project specifications. Our attached proposal details our options for Inertial Profiling Services:

BID ITEM 62 "PREPAVE INERTIAL PROFILER" – IS REQUIRED IN THIS CONTRACT TO HAVE PREPAVE INERTIAL PROFILE DATA ON THE EXISTING PAVEMENT. SMOOTHNESS SPEFICATION FOR PREPAVE GRINDING. IRI – 180 in/mi.
Prepave Inertial Profile - $2,200.00 Lump Sum

"POST" INERTIAL PROFILER – IS REQUIRED IN THIS CONTRACT TO HAVE INERTIAL PROFILE DATA ON THE COMPLETED HMA OVERLAY. SMOOTHNESS SPEFICATION FOR ACCEPTANCE ON HMA. IRI – 160 in/mi., MRI - 60 in/mi.
"Post" Inertial Profile - $2,200.00 Lump Sum

LAYOUT DEFECTIVE AREAS FOR PAVEMENT CORRECTIONS – S.A.M. Rhodes, Inc. can provide layout on existing pavment and final overlayed pavements for diamond grinding operation. Diamond grinding is not included in this proposal.
Layout Defective Areas - $2,350.00 Lump Sum 8-hour shift rate.

*All mobilization and per diem is included within the shift rate listed above. Services in this shift rate include calibrated equipment, collection of pavement IRI and MRI data, and layout areas of localized roughness for diamond grinding. In the event hours worked over the lump sum shift rate above, $250.00 dollars per hour apply for overtime.*

***It is the responsibility of the contractor to assist S.A.M. Rhodes for locating the Beginning of the project, Ending of the project, and Traffic Control if needed.*

We are proposing to service this project with a High Speed Inertial Profiling system that is Caltrans DOT certified along with our operators. Our Project Manager electronically transmits all our reports to the project team. If you have any questions or require additional information regarding our proposal, feel free to contact me, Cameron Martin directly at (530) 906-9777 or by email at cameron@samrhodesinc.com.

Sincerely,

Cameron Martin
