Glendale Freeway Connector Closures

Los Angeles - The California Department of Transportation (Caltrans) will close the southbound Glendale Freeway (SR-2) connector to the westbound Ventura Freeway (SR-134) Monday, June 2 through Friday, June 6 from 9 a.m. to 2 p.m. as part of a landscape project. Closures are weather permitting and subject to change.

Detours will be provided for motorists' convenience. This \$2.4 million dollar project will upgrade the water irrigation system, control erosion, improve roadside landscaping, and increase safety for motorists. Estimated completion is winter 2008.

Caltrans advises motorists to “**Slow for the Cone Zone.**”
