

CONSTRUCTION NOTICE

I-5 EMPIRE PROJECT

Buena Vista Street Bridge Pile Driving

Beginning the Week of January 12

WHAT'S HAPPENING: Crews will begin pile driving to widen the Buena Vista Street Bridge in January 2015. The work is part of the I-5 Empire Project and is necessary to widen the structure to accommodate the new carpool lanes.

WHERE: The work will take place near the intersection of N. Buena Vista Street and Winona Avenue.

WHEN: Pile driving will occur between 7 a.m. and 7 p.m. Monday through Friday and most weekends. The work will be ongoing for approximately six to seven weeks, ending in late February.

CLOSURES: During weekend work, there will be full and partial closures of Buena Vista Street and Winona Avenue in the work area. Signed detours will be provided when necessary.

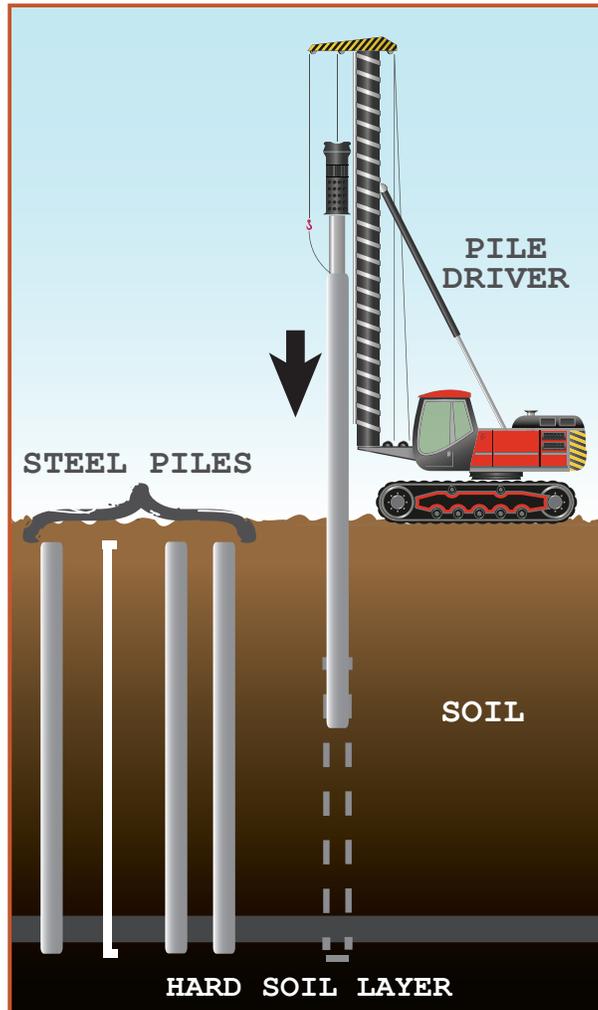

IMPACTS: You may notice noise and vibration during this operation, particularly if you live near the work area. Noise and vibration levels will be measured and closely monitored.

SCHEDULE CHANGES: The work schedule is subject to change due to operational factors and inclement weather.

STAY INFORMED: To receive information about pile driving and other work related to the I-5 Empire Project, visit I-5info.com. Submit your email address through the website to get notifications delivered automatically to your inbox. You can also call us on the toll-free I-5 Info Line at (855) 454-6335.

WHAT IS PILE DRIVING? Pile driving is a common method of constructing structure foundations. To support the structure, steel or concrete beams or “piles” are driven into the soil until reaching a hard layer of earth beneath the structure foundation.

ABOUT THE I-5 EMPIRE PROJECT: The Empire Project is a series of improvements to I-5 in Burbank between Magnolia Boulevard and Buena Vista Street, including: carpool lanes, elevated railroad tracks, reconfigured ramps, a new interchange at Empire Avenue, widening of the Buena Vista Street and Burbank Boulevard bridges, and more. Information about the project is at I-5info.com.
