R&S Trucking will accept "NO EXPENSE CHARGES OR BACK CHARGE CLAIMS" unless we are notified as stated above. R & S Trucking will then respond back to customer after investigating the incident. All claims for recovery by contractor for loss or damage to commodity hauled must follow this procedure. To clarify: R & S Trucking treats invoices billed as revenue and claims or back charges as expenses, so as such, any claims or back charges need to be received as an invoice, not a deduction on any R & S Trucking invoice. Any deviation from this procedure will not change the costs incurred and may cause immediate withdrawal of trucking from said job
12. **It is the contractor's responsibility to FAX notice to R&S Trucking Estimator prior to job bidding if certified payroll and/or union participation is required (also see item.32 following).**

Continued.....

16. If Contractor chooses not to have loads weighted, then contractor is responsible for all overloads, overload tickets, and anything that occurs if load is not weighed.
17. Hourly time to be charged will start from the time reporting to work (time truck was ordered to be at load site), to the time completing the hourly service, which includes travel time back to the load site on the last load, **PLUS \* Clean-up time = 30 minutes**. Time to be charged shall include time for transportation in both directions, time for loading and unloading, and waiting or standby time, at origin and/or destination. Total chargeable time shall be computed to the nearest one-tenth of an hour. Deductions from the time only allowed for carrier equipment failure and meal delays. **\*\* Travel-Time:** When listed and/or when applicable, travel-time charges will be billed at the hourly rates listed, per man, per truck, per day. **\*\*\* Increased Hourly Rates:** When listed and/or when applicable, the increase of hourly rates will apply due to distance/mileage, traffic conditions & environment, duration of time involved, geography, etc.

When large truck orders are continuous in a given period it may be required that the contractor will be billed weekly and said payment to be no later than 10 days of receipt of invoice. Interest to be charged on all past due accounts at the maximum allowed by law.
19. Please provide R & S Trucking Estimator with all specific job information, which will be the basis of our quotes. Specific details such as lane closures, traffic control points, project labor agreements/organized labor unions, locations for transfers to drop trailers, State, County & City agencies road closures, on and/or off-ramp turn-around access, designated truck routes per job specific contract language, etc., are needed to qualify per ton or per load rates, as these types of rates reflect time constraints. R & S Trucking reserves the right to void quoted rates that reflect time constraints (per ton or per load) at any time, due to lack of specific accurate information given at time of request. Default to hourly rates might prevail, however that could change also dependent on information given at time of request!
20. R & S Trucking provides a "Commercially Useful Function" as defined by 49 CFR 26 in achieving the awarded contractors DBE commitment goals. DBE contract commitment goals, whether in dollars or percentages, are strictly the contractor's achievement responsibility, as defined by 49 CFR 26.
21. **Contractor must provide a site on each job for all truckers to clean out trailers daily at end of the last load. This additional & chargeable time, 30 minutes, will be added into the truck tag's total hours of service.**
22. **Contractor must provide a clear path thru the jobsite to the final unload/load location.** Since drivers are not allowed out of their truck in the course of deliveries or pick-ups, the contractor must clear a path of all obstructions, in plain view or hidden, guide the truck thru blind spots and prepare the area around the truck (front, back & side to side) so as to create a clear path at all times. R & S Trucking will not be responsible for any damage to anything or anyone whatsoever due to viewable or hidden objects.

24. If any action at law or in equity, including an Action for Declaratory Relief, is brought to enforce or interpret the provisions of this agreement, the prevailing party shall be entitled to reasonable attorney's fee which may be set by the court in the same action or in a separate action brought for that purpose in addition to any other relief to which that party may be entitled. This agreement will be governed by and construed in accordance with the laws of the State of California.
25. Any changes to R & S Trucking freight tags must be received by FAX in the R & S Trucking main office within 2 working days from date of work performed by R & S Trucking for review.
26. Notices will be deemed communicated to either party to this agreement by either fax or certified mail using date of actual receipt of notice to receiving party.
27. **R&S Trucking is not responsible for project production;** this includes the availability of trucks, daily plant and/or jobsite production goals, UDBE, DBE & SB dollar listed/commitment amounts material quota amounts or any other reason, on any job, at any time.

Continued.....

- 28. As it is standard practice in the construction industry for contractors not to sign truckers trucking quotes, If R & S Trucking sign's a contractor's agreement/contract for trucking services; this action will be construed as a contractor signing an R & S Trucking complete quote with its Contract of Terms & Conditions. This also means that an R & S Trucking quotes supersedes any/all contractors agreements/contract/purchase order, and contractor will hold harmless anything associated in that contract, including production.
- 29. **R&S Trucking Co. is a VENDOR, not a SUB CONTRACTOR.**
- 30. Yearly escalation raise on top of the base rate quoted shall occur at **6% yearly**, commencing 1 year after the job bid date, and shall continue yearly with 6% raises, year after year, for the continued duration of this same job.
- 31. All Asphalt mix designs, such as **Polymer blends, Rubberized, Open-Grade, etc.**, require the contractor to supply a designated clean-out area on the jobsite, and to supply release agents, such as: United Products, Smart Solve Tar Remover # 603, along with additional equipment & manpower to help facilitate the clean-out of any and all truck and trailer(s). This also includes other sticky materials: such as Bay Mud, Wet Concrete mixes, etc. The time spent on this additional clean-out is chargeable at the hourly rates listed and accrues separately for this clean-out procedure, and this extra-time is not allowed to be averaged-out. In addition, R & S Trucking only hauls rubberized/open-grade type asphalts in 5-axle Double bottoms/Semi bottoms only, when available.
- 32. All rates quoted reflect a diesel cost per gallon up to and including: **\$ 3.25/per gallon**. After it rises to: **\$ 3.26/per gallon**, R & S Trucking will apply a **diesel fuel surcharge rate of 1% for every \$ .10 cent per gallon cost increase**, as reported by the U.S. Dept. of Energy weekly on-highway diesel cost reports. Applying a diesel surcharge, after \$ 3.26/per gallon, shall be billed thru the previous weeks trucking work (1 week in arrears).
- 33. All quoted rates **DO NOT** reflect the cost of an on-site truck boss. If the need of one is required, and mutually agreed upon by R & S Trucking and the contractor requesting this need, then the requesting contractor also agrees to pay all costs associated for an on-site truck boss type monitor: This additional fee typically runs \$ 50.00/Hourly or more, plus the fuel cost, which is approx... \$ 400.00/per day or more/per 8 hour shift, plus fuel cost. This rate is subject to change accordingly. .
- 34. **R & S Trucking is not a union company. We are not affiliated or part of any union organization or any union subsidiary. We do not follow any union structure, including but not limited to any union laws, guidelines, wage structure, rules or regulations.**

## MBDA Business Centers

Minority-owned firms seeking to penetrate new markets — domestic & global — and growing in size and scale, can access business experts at a MBDA Business Center. Whether it's securing capital, competing for a contract, identifying a strategic partner or becoming export-ready, your success is our priority.

The Centers are located in areas with the largest concentration of minority populations and the largest number of minority businesses. The Centers are staffed by business specialists who have the knowledge and practical experience needed to run successful and profitable businesses. Business referral services are provided free of charge. However, the network generally charges nominal fees for specific management and technical assistance services.
