1) A minimum daily rate is any part of an 8 hour day and overtime will be charged for work done other than a regular weekday shift.
2) Modification to the work may require a change in the quote.
3) Unless otherwise indicated the unit prices are based on ABSL performing all the work included on the proposal. If ABSL does not receive a contract for all the work, the unit prices are subject to adjustment.
4) The unit prices are based on the estimated quantities in the bid proposal. If the quantity of the item changes by 25% or more the unit price is subject to equitable adjustment.
5) All teeth over one complete set will be charge to the contractor.
6) Prices are good for 30 days from the date of this proposal, after that date the prices are subject to adjustment.

10) This proposal to be attached and made part of any and all resulting contracts.
11) The above price does not include permits, fees, bonding, state or local taxes.
12) This is a proposal only for the purpose of establishing a price for work as outlined. In the event ABSL is the low bidder a formal contract or PO suitable to both parties shall be prepared and fully executed.
13) Repairs of damage to ABSL equipment due to unmarked or buried obstructions; i.e. valve boxes, manholes covers, concrete, steel fence posts, steel pipe or excessive depth asphalt will be billed at time and material for repairs.

Fuel Surcharge Assessment:

A fuel surcharge is assessed when fuel prices reach $3.50 per gallon as reported by the U.S. Energy Information Administration. The fuel surcharge is 1% for every $0.10 increase in fuel prices, or portion thereof. The breakdown is as follows:

Diesel price $/gallon	% increase to hourly/tonnage/load rate
$3.50 - $3.599	1%
$3.60 - $3.699	2%
$3.70 - $3.799	3%
$3.80 - $3.899	4%
$3.90 - $3.999	5%
$4.00 - $4.099	6%
$4.10 - $4.199	7%
$4.20 - $4.299	8%
$4.30 - $4.399	9%
$4.40 - $4.499	10%
$4.50 - $4.599	11%
$4.60 - $4.699	12%
$4.70 - $4.799	13%
$4.80 - $4.899	14%
$4.90 - $4.999	15%

*$5.00 and above add an additional 1% for each $0.10 increase in price per gallon.

Fuel prices are checked weekly and any increase is based on the weekly retail on-highway diesel prices found at: **www.eia.doe.gov/oog/info/wohdp/diesel.asp**.

All fuel surcharges will be billed separately. After the assessment of the fuel prices at the end of the week, if a surcharge is applicable, a bill for the surcharge would be generated based on the hours worked, tons or loads hauled within that week.

A signed work/purchase order constitutes acceptance of these terms.

Thank you.

Re: Hwy 16 Capay – Caltrans #03-0C4714

Dear Jean Sicard,

Thank you for considering Quality Erectors & Construction. We recently received your request for sub contractor's bids for the **Hwy 16 Capay – Caltrans #03-0C4714** project. Although we will not be submitting a bid for this project; I would like to take this opportunity to introduce the services of our company. QEC, Inc. is a WBE / MBE / DBE certified with the DOT. QEC, Inc. was founded in 1982 and incorporated in 1986. A union shop signatory to California Field Ironworkers, as such we are able to bid not only union projects, but PLA, prevailing wage and private agreements as well. With our crews training and abilities (along with hands on management) we are able to contract projects that vary from large multi-unit commercial & industrial to the small private sector structures.

QEC, Inc. holds a Class B, C-51, C-13 and a C-39 license with the State of California Contractors Licensing Bureau and specializes in the complete erection of pre-engineered metal building packages. We are authorized dealer and erector for Butler Manufacturing Company, Garco Building Systems and Nucor Building Systems.

QEC, Inc. has a vast amount of experience installing and erecting Star, Varco Pruden, CBC, General & Braemar Buildings Packages, and also install Architectural roof paneling, bar joist installation, welding and miscellaneous steel structures.

We take pride in our commitment to the safety and health of all our employees and have established a thorough safety and health policy applicable to all phases of operations. Our goal is to eliminate personal injuries, occupational illnesses, damage to equipment and property, and protection of these when interacting with the general public during the course of construction. Safety inspections are performed daily by the job foremen to identify any potential safety risks and hazards on the jobsite. In addition, we require that each site foreman have a current CPR and Basic First Aid Certification.

All field personnel have received additional training and are certified operators for aerial lift equipment, forklift and scaffolding.

For a list of our completed projects, feel free to check out our new website at **www.qec-inc.com**. It is my sincere hope to establish a mutually beneficial working relationship with your firm. If we can be of any assistance, or for more information please feel free to call my office direct (707) 746-1233.

Sincerely,

Lacey Romo
