To Bidder on CALTRANS Contract No. **06-0P2704**

Project: ID **0612000090**

FOR CONSTRUCTION ON STATE HIGHWAY IN KERN COUNTY IN SHAFTER AND WASCO AT VARIOUS LOCATIONS FROM EUCLID AVENUE TO SECOND STREET IN DISTRICT 06 ON ROUTE 43.

**** California Land Surveying has completed more Pre and Post construction surveys for CALTRANS than any other firm, and have developed the methods and processes that will become the standard in this vaguely written spec. Our experience saves valuable time, prevents confusion and gives us the confidence to deal with any issues that may arise from day one. ****

With close to sixty years of combined land surveying experience and a near parallel level of construction experience enables California Land Surveying a level knowledge and competence that few can match. Our firm has extensive experience with ADA improvement projects and have worked with Private Contractors, Cities, State, and The Federal Government to complete projects within regulations and time constraints. With the new Caltrans specs for Pre and Post Construction Surveys now in effect California Land Surveying is in the forefront of the certification process and will work with you to ensure your bid is successful. California Land Surveying is an employee itemized bid.

California Land Surveying is an established working relationship that extends beyond the project.
