Dear Mr. Segura:

I am pleased to advise you that after careful review of your application and supporting documentation, the California Department of Transportation (Caltrans) has determined that your firm meets the eligibility standards to be certified as a Disadvantaged Business Enterprise (DBE) as required under the U.S. Department of Transportation's Code of Federal Regulation (CFR) 49, Part 26, as amended.

Your firm will be listed in the California Unified Certification Program (CUCP) database of certified DBEs under these specific areas of your expertise and license identified following a comprehensive review of your firm:

NAICS Category Codes	Description
561990	All other Support Services, Flagging, Traffic Control

Work Category Codes	Description
C1200	Construction Area Signs
C1201	Traffic Control

Your DBE certification is recognized solely for the above codes. You may review your firm's information in the CUCP DBE Database, which can be accessed at Caltrans' Web site at <http://www.dot.ca.gov/hq/bep/>. Any additions and revisions must be submitted to Caltrans for review and approval.

In order to assure continuing DBE status, you must annually submit a No Change Declaration Form (which will be sent to you) along with supporting documentation. Based on your annual submission – that no change in ownership and control has occurred – or if changes have

occurred, they do not affect your firm's DBE standing. The DBE certification of your firm will continue until or unless it is removed by Caltrans.

Also, should any changes occur that could affect your certification status prior to receipt of the No Change Declaration Form, such as changes in your firm's name, business/ mailing address, ownership, management or control, or failure to meet the applicable business-size standards or personal net worth standard, please notify us immediately. Failure to submit forms and/or change of information will be deemed a failure to cooperate under Section 26.109 of the Regulations.

Caltrans reserves the right to withdraw this certification if at any time it is determined that it was knowingly obtained by false, misleading, or incorrect information. DBE certification is subject to review at any time. The firm thereby consents to the examination of its books, records, and documents by Caltrans.

For information on Caltrans' contracting opportunities, please visit our website at <http://www.dot.ca.gov/hq/esc/oe/>.

Congratulations, and thank you for your continued interest in participating in the DBE Program. I wish you every business success.

### COVER MESSAGE

Ref#09-361904

### The Construction Zone is now a certified DBE!

This is great news for us and all of you. For any of you that are going to be bidding public works in the future or if you have ongoing public works projects anything purchased from us will count toward your DBE goal achievements. If you are a public entity which uses products we sell we can also be counted toward your increased DBE participation. We are a DBE supplier and any business done with us can help many of you to increase your DBE participation on the project DBE goals. The Construction Zone received certification through The California Department of Transportation CUCP Program which is recognized statewide.

**All of our prices are competitive with the rest of the vendors in our market sector.** So, please contact us immediately for any upcoming projects you may want us to bid on so we can help you make your goals and also help you be low bidder. **We stock all items in house and can deliver right to your job site or yard. Just think about how much money you can dedicate to your DBE goals when you buy from us instead of a large box store, like Whitecap or Home Depot.** The best part is that it won't even cost you any more \$, because of our competitive pricing.

As always we are here to provide you with all of the products you need with outstanding customer service.

Our DBE Certification Firm ID is 43059 and a copy of our certificate is attached. Feel free to contact us with questions or product needs. **Also, be advised that we are in the process of adding additional work codes to our certification and we are available Statewide.**
