Good afternoon:

Caltrans' Division of Procurement and Contracts received the attached document, regarding contract 04-4H2224, via fax. It appears as though Bay Cities Paving and Grading, Inc. is looking for assistance in locating DBE firms who are interested in performing on this contract.

Specific inquiries for this contract should be routed through the Division of Engineering Services-Office Engineer, using the contact information provided in the bid documents, not Caltrans' Division of Procurement and Contracts. They are not involved in awarding this contract.

Our standard response to this type of inquiry is to refer contractors to the California Unified Certification Program (CUCP) database, a directory of certified DBEs, at http://www.dot.ca.gov/hq/bep/find_certified.htm. The CUCP database allows you to search for certified DBEs using various criteria.

I hope this helps.

Mario

Debbie,

I do not see any saw cutting listed on this project.

If your estimator would provide any saw cutting details, I would be happy to provide a quote.

Sincerely,

NOTICE TO OWNER

Under the California Mechanics' Lien Law, any contractor, subcontractor, laborer, supplier or other person or entity who helps to improve your property, but is not paid for his or her work or supplies, has a right to place a lien on your home, land, or property where the work was performed and to sue you in court to obtain payment. This means that after a court hearing, your home, land and property could be sold by a court officer and the proceeds of the sale used to satisfy what you owe. This can happen even if you have paid your contractor in full if the contractor's subcontractors, laborers or suppliers remain unpaid.

To preserve their rights to file a claim or lien against your property, certain claimants such as subcontractors or materials suppliers are each required to provide you with a document called a "Preliminary Notice." Contractors and laborers who contract with owners directly do not have to provide such notice since you are aware of their existence as an owner. A preliminary notice is not a lien against your property if you are not paid. It's purpose is to notify you of persons or entities that may have a right to file a lien against your property if they are not paid. In order to protect their lien rights, a contractor, subcontractor, supplier or laborer must file a mechanics' lien with the county recorder which then becomes a recorded lien against your property. Generally, the maximum time allowed for filing a mechanics' lien against your property is 90 days after substantial completion of your project.

Scope of Work:

A. Prepare Stormwater Pollution Prevention Plan (SWPPP).
   - I. Prepare SWPPP per State and contract requirements. Include Rain Event Action Plan (REAP) template, Construction Site Monitoring Plan and Sampling and Analysis Plan where required.
   - II. Prepare Water Pollution Control Drawings as part of the SWPPP.
   - III. Exclusions: Installation and implementation of water pollution practices, providing a WPC Manager, conducting training, and monitoring, inspection and correcting water pollution control practices are excluded. A WPC Manager, training, monitoring and inspection are available as an additional service upon request.

B. Rain Event Action Plans (REAPs).
   - I. Prepare REAPs prior to a rain event with 50% or more chance of occurrence; prepared by a Qualified SWPPP Developer (QSD).
   - II. Exclusions; this contract item can only be provided if we are selected to also perform Stormwater inspection or WPC Manager services. This does not include a pre-storm inspection which would be covered under other bid items.

C. Storm Water Sampling and Analysis Day.
   - I. Provide pH and turbidity sampling of runoff. Collect 3 minimum grab samples per day of stormwater runoff during a qualifying rain event. A qualifying rain event is one that produces 0.5" or more of rain with 48 hours of dry weather in between storm events. Sampling will be done using field meters. Document sampling on the Caltrans CEM2052 Field Test report form.

D. Storm Water Annual Report

   - VI. Prepare SWPPP Amendments as needed.
   - VII. Provide initial SWPPP training to contractor's staff and subcontractors at beginning of job.
   - VIII. Exclusions; Does not include any onsite sampling or lab testing if there is an event that triggers non-stormwater, non-visible pollutant or other testing. Assumes contractor's staff can provide the daily, pre-storm, during storm and post-storm visual BMP rain event inspection to reduce costs unless otherwise contracted for (See Item F for rain event inspection).
