## Quotation

Project: CA DOT, Project No. 11-2M8604, Rte. 78, Imperial County  
Quantity: Item 030694 – 1,650 stations (approx. 165,000 cuts) of Asphalt Centerline Rumble Strips

**Construction Time: 2.5 work shifts or less**

**Mobilization:** \$10,975.00

**Unit Price: \$11.50 per station x 1,650 stations = \$18,975.00**

**Total: \$29,950.00 (approx.)**

**Note: This quotation is based on daylight work hours, unless otherwise stated. Please contact SPT if you would like a quotation for night shift work hours.**

The above unit price includes:

- 1) The labor and equipment necessary to mill-in approximately 1,650 stations (approx. 165,000 cuts) of asphalt centerline rumble strips on the CA DOT project; SPT's rumble strip mills are capable of cutting various continuous, skip and gap patterns on roadway centerline and shoulders to satisfy all known DOT specifications. Cut width can be varied from a minimum of 4" to a maximum of 16" and is easily interchangeable.

The above unit price excludes:

- 1) Traffic control, flaggers, impact attenuators, arrow boards or any other maintenance and protection of traffic items other than the revolving beacons on SPT trucks.
- 2) The clean-up of the debris from the road surface.
- 3) The milling of rumble strips in areas not accessible to our equipment or not suitable for cutting rumble strips;
- 4) Layout. The contractor must provide a continuous pavement marking stripe on the centerline that is visible to our operator. The layout and alignment of the cuts will mirror this stripe. Start and stop points must also be clearly marked by the General Contractor.
- 5) Union concessions on behalf of SPT's non-union employees.
- 6) Payment & Performance Bonds. SPT's bond cost is 1.5 percent with a \$100.00 minimum.
- 7) Mobilization. A mobilization charge of \$10,975.00 lump sum will be charged in addition to the unit price as shown above. A single mobilization is based on uninterrupted construction from the time of arrival.

Service charge of 1 1/2% per month (minimum charge, 50) which is an annual rate of 18% added to past due balance, plus reasonable collection and/or attorneys fees if required.

[www.rumblestrips.com](http://www.rumblestrips.com)

Equal Opportunity Employer

8) Fog Seal. Some states require that the contractor spray the rumble strip with a protective oil sealant. This quotation does not include fog seal materials nor the labor and equipment for the application thereof.

9) TERO taxes, fees, licenses or hiring, if required.

Pricing excludes general contractor association dues, gross receipt taxes, or additional charges passed on by the general contractor.

**Schedule of Operations:**

This quotation is based on a single mobilization and a construction schedule that will allow SPT to mill in rumble strips for a minimum of 8 hours per shift after traffic control setup. SPT estimates that it will take us **2.5 consecutive work shifts or less** to install 1,650 stations of rumble strips on this project. Please note that SPT anticipates milling 12-22 miles of rumble strips during each shift and expects the general contractor to provide sufficient lane closures and brooming to meet this daily production.

If SPT cannot construct this project as quoted (i.e. within the number of mobilizations included, and/or according to the work hours and construction shifts described above) please notify us so we may re-quote this project.

**Contract Terms:**

SPT provides one hour daily for project coordination and traffic control set up by the General Contractor and other project sub-contractors. Delays or wait time beyond the initial hour due to improper layout, incomplete work areas or other delays not caused by, or related to SPT, will be charged at \$500.00 per hour.

SPT bids work based on the published completion date in the project advertisement. The above pricing is valid through the original completion date of the project as posted in the project advertisement or contract documents. Any extensions or significant accelerations to the advertised completion date must be approved by SPT to assure equipment and crew availability.

Due to the fact that rumble strips are installed at or near the end of most projects, SPT will not be liable for liquidated damages or other costs unless adequate notice (minimum 20 days) and construction time are provided.

**RE: Disadvantaged Business Enterprise Certification**

Dear Mr. Jones:

We are pleased to advise you that after careful review of your application and supporting documentation, the Los Angeles County Metropolitan Transportation Authority (Metro) has determined that your firm meets the eligibility standards to be certified as a Disadvantaged Business Enterprise (DBE) as required under the U.S. Department of Transportation (U.S. DOT) Regulation 49 CFR Part 26, as amended. This certification will be recognized by all of the U.S. DOT recipients in California. Your firm will be listed in the California Unified Certification Program (CUCP) database of certified DBEs under the following specific areas of expertise that you have identified on the NAICS codes form of the application package:

NAICS (2007)	Description
541340	Drafting Services
541620	Environmental Consulting Services
561990	All Other Support Services (Flagging (i.e. traffic control) services
423990	Other Miscellaneous Durable Goods Merchant Wholesalers (Signs (except electrical) merchant wholesalers)(Reseller)

Your DBE certification applies only for the above codes. You may review your firm's information in the CUCP DBE database which can be accessed at the CUCP's website at [www.californiaucp.org](http://www.californiaucp.org). Any additions and revisions must be submitted to Metro for review and approval.

In order to ensure your continued DBE status, you are required to submit an annual No Change Declaration Form (which will be sent to you) along with supporting documentation. If no changes are noted, then your DBE status remains current. If there are changes, Metro will review to determine continued DBE eligibility. Please note, your DBE status remains in effect unless Metro notifies you otherwise.

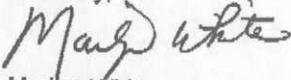

Should any changes occur that could affect your certification status prior to receipt of the No Change Declaration Form, such as changes in your firm's name, business/mailling address, ownership, management or control, or failure to meet the applicable business size standards or personal net worth standard, please notify Metro immediately. Failure to submit forms and/or change of information will be deemed a failure to cooperate under Section 26.109 of the Regulations.

Metro reserves the right to withdraw this certification if at any time it is determined that it was knowingly obtained by false, misleading, or incorrect information. Your DBE certification is subject to review at any time. The firm thereby consents to the examination of its books, records and documents by Metro.
