Addendum No. 1

Dear Contractor:

This addendum is being issued to the contract for CONSTRUCTION ON STATE HIGHWAY IN NEVADA COUNTY FROM 1 MILE EAST OF THE ROUTE 80/89 SEPARATION TO UNION MILLS BRIDGE OVERHEAD.

Submit bids for this work with the understanding and full consideration of this addendum. The revisions declared in this addendum are an essential part of the contract.

Bids for this work will be opened on Wednesday, June 17, 2009.

This addendum is being issued to revise the Notice to Bidders and Special Provisions.

"At the time this contract is awarded, the Contractor must possess either a Class A license or one of the following Class C licenses: C-12."

In the Special Provisions, Section 10-1.02, "WATER POLLUTION CONTROL," subsection "STORM WATER POLLUTION PREVENTION PLAN," the 6th paragraph is revised as follows:

"Within 7 days after contract approval, the Contractor shall submit 3 copies of the SWPPP to the Engineer. The Contractor shall allow 7 days for the Engineer's review. If revisions are required, the Engineer will provide comments and specify the date that the review stopped. The Contractor shall revise and resubmit the SWPPP within 5 days of receipt of the Engineer's comments. The Engineer's review will resume when the complete SWPPP is resubmitted. When the Engineer approves the SWPPP, the Contractor shall submit 4 copies of the approved SWPPP to the Engineer. If the Engineer fails to complete the review within the time allowed and if, in the opinion of the Engineer, completion of the work is delayed or interfered with because of the Engineer's or the RWQCB's review, the Contractor will be compensated for resulting losses, and an extension of time will be granted, as provided for in Section 8-1.09, "Right of Way Delays," of the Standard Specifications."

In the Special Provisions, Section 10-1.21, "EARTHWORK," the following paragraph is added after the first paragraph.

"Surplus excavated material shall become the property of the Contractor and shall be disposed of in conformance with the provisions in Section 7-1.13, "Disposal of Material Outside the Highway Right of Way," of the Standard Specifications."

In the Special Provisions, Section 10-1.21, "EARTHWORK," subsection "SEDIMENT BASIN," the second paragraph is revised as follows:

"Material resulting from excavating basins 1 and 22 shall be used as backfill to construct basins 2 through 13, 17, 18 and 21 as shown on the plans."
